2023-2024

DOUGLAS COUNTY SCHOOL SYSTEM

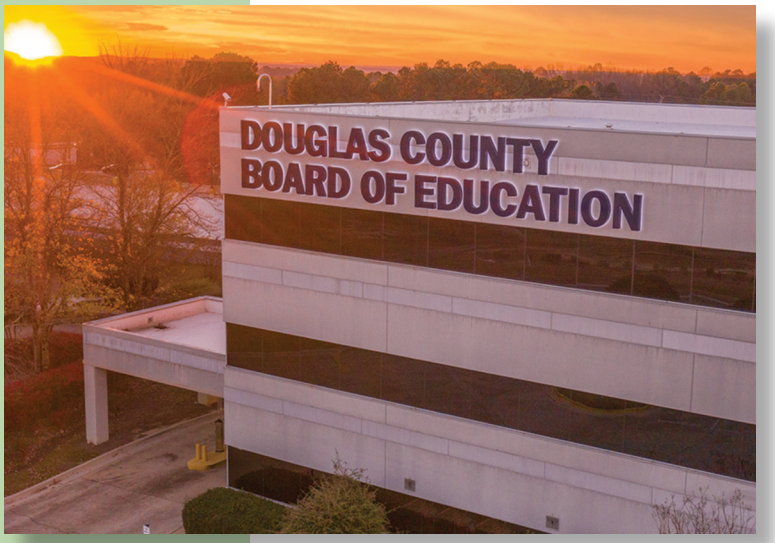
CAREER PLANNER

DOUGLAS COUNTY SCHOOL SYSTEM

CTAE

Career, Technical & Agriculture Education

DEAR PARENTS AND STUDENTS



Preparing students for success after high school is an inherent component of the Douglas County School System's vision. Whether students plan to enter the workforce immediately or attend college after high school graduation, careful consideration of high school course options can impact their futures. To better prepare students for the demands of the 21st century economy and for post-secondary education, the Douglas County School System has provided this planning guide for use by students and their parents.

Use this planning guide for the next four years to set career goals and plan for the world of future work. Go over the information in the guide together and begin to have discussions concerning post high school plans and how you can reach the goals that you set. Bring this guide with you to each annual advisement appointment at your high school and share with your advisor as you all work together to map out the next year's schedule of courses. Finally, mark your choices in the guide as you go through high school and as your career decisions possibly change and evolve.

This planning guide shows the clear connection between class work and future success, pointing out the relevance of academic learning in the classroom. It also provides information on a variety of occupations that differ in the scope of education and training required to obtain future employment.

WHAT ARE CAREER PATHWAYS?

Career Pathways are state-approved career enhancement programs defined as a coherent, articulated sequence of rigorous academic and career-related courses starting in the ninth grade and leading to an associate degree, and/or an industry-recognized certificate or licensure, and/or a baccalaureate degree and beyond.

Career, Technical, and Agricultural Education (CTAE) provides students with the opportunity to select at least three sequenced courses in a career pathway.

CTAE CONCENTRATOR: A concentrator is defined as a student who takes at least three CTAE courses in a specific program area during their high school career.

PATHWAY COMPLETER: A pathway completer is a concentrator who completes the requirements for CTAE pathway concentrators.

Selection of a pathway is based on self-awareness and the investigation of occupations plus related educational levels aligned with the pathway. Most high- demand, high-skilled, high-wage occupations in all concentrations still require education beyond high school.

Implementation of career pathways is a collaborative effort between the Douglas County School System, the Georgia Department of Education, the Technical College System of Georgia and the University System of Georgia.

OVERVIEW OF CAREER CLUSTERS/PATHWAYS

- Georgia's 17 Career Clusters/Pathways provide a structure for organizing and delivering quality Career, Technical and Agricultural Education (CTAE) programs.
- Modeled after the National Career Clusters configuration utilized by most of the United States, Georgia's 17 Career Clusters/Pathways Model represents approximately 96 career pathways to help students navigate their way to greater success in college and career.
- As an organizing tool for curriculum design and instruction, the 17 Career Clusters provide essential knowledge and skills for the students' career pathways.
- This model functions as a:
  - *Useful guide in developing programs of study that bridge secondary and postsecondary curriculum*
  - *Indicator of a range of career options for students' graduation plans of study*
  - *Method of allowing students to discover their interests and passions, empowering them to choose the educational pathway that may lead to success in high school, college and career*
- The 17 Career Clusters/Pathways encompass both secondary and postsecondary education and will strengthen and improve student transition from secondary to postsecondary education.

ADDITIONAL CAREER PATHWAYS

An Advanced Academic Pathway may be followed in any of these four content areas: ELA(English/ Language Arts), mathematics, science or social studies. A student has completed an Advanced Academic Pathway in ELA, mathematics, science, or social studies when the criteria described below have been met.

EXPLANATION OF TERMS

CTAE Pathway
A series of 3 or 4 specified courses in a CTAE-approved pathway.

Advanced Academic Pathway
An Advanced Academic Pathway may be followed in any of these four content areas: ELA, mathematics, science or social studies. A student has completed an Advanced Academic Pathway in ELA, mathematics, science, or social studies when the criteria described in A (page 5) have been met.

Fine Arts Pathway
A Fine Arts Pathway may be followed in any of these five areas of study: visual arts, theater, dance, music, or journalism. A student has completed a Fine Arts Pathway when three courses, from those identified in the five accompanying attachments (B-Visual Arts, C-Theater, D-Dance, E-Music, F- Journalism), have been successfully completed in any one of the five areas.

World Language Pathway
A World Language Pathway may be followed in any of the world language areas included in the state list of approved courses. A student has completed a World Language Pathway when the criteria described have been met.

ADDITIONAL CAREER PATHWAYS

ADVANCED ACADEMIC PATHWAY IN ELA (ENGLISH/LANGUAGE ARTS) CRITERIA:

1. Student graduated, thereby completing 4 required credits in ELA, AND
2. Student's course history in ELA (23 course codes) includes at least one AP* Course Code (23. 043; 23.053; 23.065) or one IB* Course Code (23.06800; 23.06900; 23.06110; 23.06120; 23.06130) or one post secondary enrollment code in 23 that fulfills a core graduation requirement in ELA, AND
3. Student earned credits in two sequential courses in one world language.

ADVANCED ACADEMIC PATHWAY IN MATHEMATICS CRITERIA:

1. Student graduated, thereby completing 4 required credits in Mathematics, AND
2. Student's course history in Mathematics (27 course codes) includes at least one AP* Course Code (27.072; 27.073; 27.074) or one IB* Course Code (27.06120; 27.06130; 27.05220; 27.05240) or one post secondary enrollment code in 27 that fulfills a core graduation requirement in Mathematics, AND
3. Student earned credits in two sequential courses in one World Language.

ADVANCED ACADEMIC PATHWAY IN SCIENCE CRITERIA:

1. Student graduated, thereby completing 4 required credits in Science, AND
2. Student's course history in science (26 course codes and 40 course codes) includes at least one AP* Course Code (26.014; 26.062; 40.053; 40.083; 40.0841; 40.0842) or one IB* Course Code (26.01800; 26.01900; 26.06300; 40.08500; 40.08600) or one post secondary enrollment code in 26 or 40 that fulfills a core graduation requirement in Science, AND
3. Student earned credits in two sequential courses in one World Language.

ADVANCED ACADEMIC PATHWAY IN SOCIAL STUDIES CRITERIA:

1. Student graduated, thereby completing 3 required credits in Social Studies, AND
2. Student's course history in social studies (45 course codes) includes at least one AP* Course Code (45.016; 45.052; 45.053; 45.062 45.063; 45.077; 45.0811; 45.082; 45.084) or one IB* Course Code (45.01310; 45.01320; 45.01700; 45.017100; 45.06500; 45.06600; 45.07800; 45.07900; 45.08700; 45.08800; 45.08900) or one post secondary enrollment code in 45 that fulfills a core graduation requirement in Social Studies,

   AND
3. Student earned credits in two sequential courses in one World Language.

WORLD LANGUAGE PATHWAY GUIDELINES AND PATHWAY CRITERIA:

1. Student graduated, AND
2. Student's course history in one world language in high school includes 3 distinct high school Course Codes OR includes at least 2 distinct Course Codes plus a third code reflecting an AP* course, where AP courses are offered (60.017, French; 60.077, Spanish; 60.078, Spanish Lit; 61.017, German; 61.047, Latin; 62.0196, Chinese; 63.039. Japanese); or a third code reflecting an IB* course, where courses are offered (French, 60.01120, 60.01130; Spanish, 60.07130, 60.07160; German, 61.01120, 61.01130; Latin, 61.04120, 61.04130; Chinese, 62.01900, 62.01910; Japanese, 62.03920, 62.03930; Arabic, 63.10700, 63.01800;) or one post secondary enrollment course code in the same World Language reflecting a third course at the college level.

* *AP, IB and Dual Enrollment courses must have earned credit*

Navigating the Journey

from 8th grade to High School

A

Who should attend high school registration?

All eighth grade STUDENTS and their PARENTS should attend registration at their designated high school.

If the parent is unable to attend, another (adult) family member/designee should attend with the student.

B

What is the purpose of attending high school registration?

Both the parent and the student will have an opportunity to gain information and have questions answered regarding course recommendations from the middle school.

C

How do I know where to go for high school registration?

A student's high school placement is based on the address (and associated residency information) on file at the middle school or acceptance in a specific high school program.

Current DCSS high school programs are:

- **Alexander High School** AP Capstone
- **Chapel Hill High School** AP Magnet
- **Douglas County High School** IB
- **Lithia Springs High School** STEM
- **New Manchester High School** FAME
- **College and Career Institute (CCI)** Located at West Georgia Technical College

D

What do I need to do to prepare for high school registration?

Download the **Career Planner** from the Douglas County School System website (www.douglas.k12.ga.us), save, and review the Career Planner prior to attending high school registration.

E

How do I prepare for a successful transition before school starts in August?

Attend the **Freshman Expo** on Thursday, **March 23, 2023** (usually about 6-8 pm).

Check your high school website for updates during the month of July.

Check your mail for any information your high school may send during the summer.

Attend any **Freshman Orientation** activities before school starts.

F

How are courses chosen for students?

Academic and Elective courses can be taken at your high school, the CCI (College and Career Institute), college or technical school.

Academic Courses include English, Math, Science, and Social Studies. Course recommendations will be made by middle school teachers based on each student's current class performance, last year's standardized test scores and any high school rubric/minimum requirements. World Language is an academic elective. Students who have successfully completed World Language in DCSS in 7th and 8th grades have the opportunity to take French II or Spanish II in 9th grade.

Elective Courses are similar to middle school connection classes which include Physical Education and Fine Arts.

CCI (Douglas County College and Career Institute) Classes taken at the CCI, college or technical school require a separate application process. Parents and students must work with the high school counselor to facilitate the process for any courses taken. Applications are available from your middle school counselor.

INFORMATION FOR STUDENTS ENTERING HIGH SCHOOL

23 TOTAL NUMBER OF CREDITS REQUIRED FOR GRADUATION

English	**4 credits**
• 1 credit 9th Grade Literature	
• 1 credit American Literature	
• 2 additional Literature classes	
Math	**4 credits**
• 1 credit Algebra	
• 1 credit Geometry	
• 1 credit Algebra II	
• 1 additional Math credit	
Science	**4 credits**
• 1 credit Biology	
• 1 credit Physical Science or Physics	
• 1 credit Chemistry, Earth Systems, Environmental Science, or AP	
• 1 Additional Science credit	
Social Studies	**4 credits**
• 1 credit American Government	
• 1 credit World History	
• 1 credit United States History	
• 1 credit Economics	
CTAE, World Language or Fine Arts	**3 credits**
Health	**.5 credit**
Personal Fitness	**.5 credit**
Electives	**3 credits**

* *Board of Regents requires 2 years of the same World Language for ALL 4 year colleges and universities.*

PROMOTION REQUIREMENTS

- 9th to 10th Grade **5 credits**
- 10th to 11th Grade **11 credits**
- 11th to 12th Grade **18 credits**

END-OF-COURSE 20% of grade

- Algebra I
- American Literature
- Biology
- US History

HONORS/AP REQUIREMENTS

- Teacher Recommendation
- Signed Student/Parent Agreement
- Recommended Lexile of at least 1250

BOARD SCHOLAR

- 2 units from the same World Language
- 1 extra core class from Math, Science, Social Studies, English, or World Language
- 3.5 cumulative GPA; No F's

INFORMATION FOR STUDENTS ENTERING HIGH SCHOOL

SEALS FOR DIPLOMAS

- **Fine Arts Seal** Complete 3 fine arts credits; 2 in the same area.
- **CTAE Cord** Complete CTAE pathway and pass End of Pathway Exam.
- **CTAE Diploma Seals** Complete a series of accomplishments as outlined and engage in activities, courses, and experiences that foster career readiness.
- **World Language Seal** Complete 3 units in the same World Language in high school.
- **Academic Seal** Complete 3 of any of the following: AP courses, college core Dual Enrollment courses, or technical college Dual Enrollment certification programs.
- **International Skills Diploma Seal** Coursework- 8 credits of courses with International focus 7 can be from World Languages (minimum 3 credits World Languages or ESOL). Community Service (20 hours) involving a global/cross cultural focus. Extracurricular activities and experience with global themes or context (minimum 4). Capstone Presentation on Knowledge gained in courses and activities listed above (Possible Format: performance, presentation, video, journal reading).
- **International Baccalaureate** Complete the two year IB program and graduate in good standing as an IB diploma candidate.
- **STEM Seal** Complete the requirements of the STEM program and graduate in good standing as a STEM diploma candidate.
- **Georgia's New Seal of Biliteracy** The Seal of Biliteracy will be available for graduating high school students starting in 2016-17. On May 3, 2016, HB 879 was signed into law establishing Georgia's Seal of Biliteracy. All Georgia public school students are eligible to attain the Seal based on evidence of achieving the required level of language proficiency in English plus one or more other languages during their high school years, be that language a native language, a heritage language, or a language learned in school or another setting.

  The requirements are:
  (1) Completion of all English language arts requirements for graduation with an overall grade point average of 3.0 or above in those classes; and

  (2) Proficiency in one or more languages other than English, demonstrated by passing a foreign language advanced placement examination with a score of.4 or higher or an International Baccalaureate examination with a score of 5 or higher. For languages in which an Advanced Placement examination is not available, the Department of Education may provide a listing of equivalent summative examinations that local school systems may use in place of such an Advanced Placement examination.

PARTICIPATION IN GRADUATION CEREMONY

Complete all 'GRADUATION COURSE REQUIREMENTS'
Please note that Georgia no longer requires passing an assessment in order to earn a diploma.

HOPE Academic rigor requirement has been added for more info, see HOPE Program section www.GAfutues.org

College Prep

- HOPE GPA; 3.0 in ALL core classes (E, M, Sc, SS, FL)
- Covers 90% previous year's tuition

Zell Miller Scholar Program

- HOPE GPA; 3.7 in ALL core classes (E, M, Sc, SS, FL)
- 26 ACT or 1200 SAT (critical reading & math only)

GEORGIA'S HOPE GRANT (a separate program from the HOPE Scholarship) is available to Georgia residents who are working towards a certificate or diploma (continuing education programs are not eligible) at an eligible college or university in Georgia.

NONTRADITIONAL PROGRAMS

SCHOLARSHIPS AND GRANTS

While in high school, you should be deciding on what you will do after graduating. If continuing your education is your plan, part of that plan will be how you're going to pay for it. There are several scholarship and grant options available for you. Ask your counselor what your best options are. This should include HOPE and DCEF (Douglas County Education Foundation). DCEF manages several local scholarships offered to Douglas County School System graduating seniors. These local scholarships are based on financial need, GPA, participation in extracurricular activities, school organizations, and community service. Over $126,000 has been awarded through DCEF since 1993. Visit DCEF's website dcef.dcssga.org for additional details including scholarships offered, qualifications and deadlines.

Douglas County
EDUCATION FOUNDATION

www.DCEF.DCSSGA.org

CTAE FOURTH SCIENCES AND EMBEDDED COURSES

The following courses are typically considered Career, Technical, Agricultural Education (CTAE) Courses. The State Department of Education along with the University System of Georgia have determined that these courses may also be used to fulfill certain graduation and college admission requirements. If you have any questions, please talk with your student's high school counselor.

COURSE NAME	Counts as 4th Science for Graduation	Counts as 4th Science to a 4 yr. College	Counts as 4th Math for Graduation	World Language Credit for Graduation Electives ONLY
Animal Science/Technology/Biotechnology	X	X		
Essentials of Healthcare	X	X		
Food for Life	X	X		
Food Science	X	X		
Forest Science	X	X		
General Horticulture and Plant Science	X	X		
Natural Resources Management	X	X		
Plant Science and Biotechnology	X	X		
Sports Medicine	X	X		
* Advanced Placement Computer Science	X	X		X
* Advanced Placement Computer Science Principles	X	X		X
* Computer Science Principles	X	X		X
* Embedded Computing	X	X	X	X
* Game Design: Animation and Simulation	X	X	X	X
* International Baccalaureate Computer Science, Year One	X	X	X	X
* International Baccalaureate Computer Science, Year Two	X	X	X	X
* Programming, Games, Apps and Society	X	X	X	X
* Web Development	X	X	X	X

** Two computer science sequenced courses will satisfy the two year foreign language requirement for graduation electives but may not be accepted for foreign language credit by the colleges and universities.*

The following ARE approved by the Board of Regents as a fourth science.

- AP Physics 1 and AP Physics 2
- AP Physics C: Mechanics and AP Physics C: Electricity and Magnetism
- Biology I, Biology II and Advanced Placement Biology
- Forensic Science and Criminal Investigations (Law, Public Safety, Corrections and Security Pathway)
- International Baccalaureate Biology, Year One and Year Two (DCHS only)
- International Baccalaureate Chemistry, Year One and Year Two (DCHS only)
- International Baccalaureate Design Technology (DCHS only)

The following are a fourth science but NOT approved by the Board of Regents.

- Aviation Meteorology
- Biotechnology (AG-BT)
- Digital Electronics
- Scientific Research I or Scientific Research II

Certain CTAE courses have been identified by the State Department of Education as courses in which the standards of specific academic courses are also embedded. Since mastery of the standards in the CTAE course would also indicate mastery of the standards in the academic course, satisfactory completion of the CTAE courses will also earn credit for the student in the academic course. In short, the student earns two credits for one CTAE course. The following courses are included in this provision at this time:

Course Name	**Essentials of Healthcare**
Course Credits on your transcript	**Essentials of Healthcare and Anatomy for a total of two credits**

CERTIFICATES, OPPORTUNITIES AND RESOURCES

CTAE INDUSTRY CERTIFICATION

When a program becomes industry certified, it receives a "Stamp of Excellence", which represents the apex of program quality. Only those programs that have successfully undergone rigorous reviews by leaders from business and industry are recognized with this distinction.

This formal process strengthens all program components, including:

- *Classrooms and labs which are equipped with state-of-the-art equipment and technology*
- *CTAE and academic performance standards that are aligned to national standards*
- *In-depth, project-based instruction in all curriculum areas*
- *Appropriate and varied Career Related Education (CRE) instruction, including school-based enterprises and entrepreneurial ventures*
- *Career and Technical Student Organizations (CTSOs) which offer co-curricular competitive events on the local, state and national level and provide leadership development skills for personal and professional growth; and*
- *Business, industry and community involvement in all aspects of the program*

Industry certified programs not only offer outstanding opportunities to students who receive instruction through such programs but they also offer positive benefits for schools as well as employers.

NONTRADITIONAL OCCUPATIONS

Nontraditional careers are those occupations or fields of work for which individuals from one gender comprise less than 25% of the individuals employed. Students are encouraged to enroll in courses that fit their career goals regardless of the gender make-up in the classroom. Some examples of nontraditional careers are:

- *Nursing for males*
- *Drafting for females*
- *Cosmetology for males*
- *Automotive for females*

CAREER PLANNING RESOURCES

www.GAfutures.org
GAfutures is an internet site to help students with high school, college and career planning, financial aid, and applying for college.

www.careeronestop.org
CareerOneStop, sponsored by the U.S. Department of Labor, provides opportunities for visitors to identify interests, explore careers, and find education options.

www.bls.gov/oco/
The Occupational Outlook Handbook is a nationally recognized source of career information. It describes what workers do on the job, working conditions, the training and education needed, earnings, and expected job prospects. The handbook covers a wide range of occupations.

www.Myplan.com
MyPlan.com is a career database which allows visitors to search, browse, or query through over 900 different careers, read career profiles, job descriptions, and educational requirements, and explore career outlooks.

YouScience.com
YouScience was created to help answer some of life's biggest questions: "Why am I learning this?" and "What do I want to be when I grow up?" The innovative aptitude and career discovery tool and industry-recognized certifications have revolutionized the way students, educators, and employers view talent and possibility.

COMPANION ANIMAL SYSTEM PATHWAY

Companion animals are a large part of the animal care industry. Veterinary staff care for the well-being of animals by performing routine tasks under the supervision of veterinarians, scientists, and veterinary technologists and technicians. Animal care and service workers feed, water, groom, bathe, and exercise pets and other nonfarm animals. Veterinary medicine has advanced considerably, and many of the veterinary services offered today are comparable to health care for humans, including cancer treatments and kidney transplants.

Pathway Concentration Courses

- Basic Agriculture Science
- Animal Science and Biotechnology
- Small Animal Care

Recommended Courses

- Biology
- Business Management
- Computer Applications
- Economics
- Environmental Science

Post-Secondary Degrees, Diplomas, and Certificates

Technical Colleges

- Associates in Science

FORESTRY/WILDLIFE SYSTEM PATHWAY

INDUSTRY CREDENTIAL

Precision Natural Resource

Those working in the forestry and natural resources field conserve and manage our forest and natural resources. Those working in this field regularly work with landowners, loggers, forestry technicians and aides, farmers, ranchers, government officials, special interest groups, and the general public. Anyone interested in this field should enjoy working outdoors. The federal, state, and local governments employ many forestry and natural resources workers.

Pathway Concentration Courses

- Basic Agriculture
- Forest Science
- Wildlife Management

Recommended Courses

- Forestry Technology
- Natural Resources
- Wildlife Technology
- World Language

Post-Secondary Degrees, Diplomas, and Certificates

An associate's or bachelor's degree in forestry is the minimum education recommended for a professional career in forestry. Forestry and natural resources technicians usually receive their training through a combination of community colleges and on-the-job training. Many states require licensure of professional foresters.

Career and Technical Student Organizations

- FFA

Top Career Choices

Jobs in Georgia will be available for qualified foresters at a slower than average rate; however, nationally the market will be seeking almost 2000 foresters between 2010-2020. Employment of conservation scientists is expected to increase 5 percent from 2010 to 2020, slower than the average for all occupations.

Additional Career Choices

Aquacultural Managers
Biological Science Postsecondary
Conservation Scientists
Fish and Game Officers
Fish and Game Wardens
Fisheries Manager
Forest and Conservation Technicians
Forest Manager
Forest Worker
Foresters
Log Graders and Scalers
Logger

HUMAN RESOURCES MANAGEMENT PATHWAY

INDUSTRY CREDENTIAL

PRH (Professional in HR)
SPHR (Senior Professional in HR)
GPHR (Global Professional in HR)

Students will analyze the primary functions of human resources management which include recruitment, selection, training, development, compensation, and evaluation. The pathway is designed to equip students with operational knowledge of hiring, managing, and terminating employees. Throughout the third course, students will be introduced to the Human Resource Management role by following the life cycle of an employee from organizational entry to exit. Upon mastery of the standards in this pathway, students should be prepared to pass an End of Pathway assessment in this career area.

In partnership with Georgia Highlands College, Middle Georgia State University, and the Georgia Fintech Academy, CCI will offer a new dual enrollment pathway called Financial Technology (FinTech). This exciting opportunity capitalizes on Georgia's role as an emerging leader in handling digital financial transactions in the financial services, commercial and investment banking, digital investing, financial advising, and insurance markets. In fact, seventy percent of all financial transactions worldwide pass through Georgia, and there is an immediate need for skilled employees, with around 5,000 new jobs per year being generated over the next 3 years.

AHS Spotlights **EVAN GORDON**

I joined the JROTC program in the spring of 2008 and was instantly entranced by the atmosphere of discipline and the feeling of camaraderie I felt with my fellow cadets. A path of success was laid, with one of my greatest accomplishments being taking home the Raiders state trophy in 2011. In 2012 I enlisted in the Army as a parachute infantryman serving in a specialized reconnaissance unit known as the LRS, attached to 19th Special Forces group and 7th Marine Raiders. I completed three tours overseas in locations including Korea, Germany, and the various regions of the middle east. After this I volunteered to become a Black Hat at the Air Assault School which ended my time in the Army. Desiring to continue a life of service I decided to pursue a college education that would lead me to become a physician. Wishing to aim high, I applied, and was accepted into, Yale University. Currently I study Neuroscience and am preparing to apply to John Hopkins

JROTC ARMY PATHWAY

The program's focus is reflected in its mission statement, "To Motivate Young People to be Better Citizens." It prepares high school students for responsible leadership roles while making them aware of their rights, responsibilities, and privileges as American citizens. Army JROTC is a stimulus for promoting graduation from high school, and it provides instruction and rewarding opportunities that will benefit the student, community, and nation.

Pathway Concentration Courses

- JROTC/ARMY I
- JROTC/ARMY II
- JROTC/ARMY III
- JROTC/ARMY IV
- JROTC/ARMY V
- JROTC/ARMY VI
- JROTC/ARMY VII
- JROTC/ARMY VIII

Recommended Courses

- Any CTAE course
- World Language

Post-Secondary Degrees, Diplomas, and Certificates

- ROTC (Scholarships available to qualified students)
- Academy Nominations
- Armed Forces (Advanced Placement Enlistment Opportunities) Army, Air Force, Marines, Navy, Coast Guard
- Active Reserve and National Guard options available

Career and Technical Student Organizations

- Academic Team
- Color Guard
- Drill Team
- Leadership Team
- Raiders
- Rifle Team

Top Career Choices

Students enrolled in JROTC programs may find high-demand, high-wage, and high-skilled occupations in the public sector at www.occsupplydemand.org or if they plan on a career in the military they will find "Military Occupations" listed on GAfutures.org under the Career Planning Tab.

Additional Career Choices

Air Traffic Controller
Aircraft Repairer

EMERGENCY MEDICAL RESPONDER PATHWAY

The U.S. Bureau of Labor Statistics (BLS) predicts that employment of emergency medical technicians (EMTs) and paramedics will grow 7% between 2018 and 2028, which is faster than the average for all U.S. occupations (www.bls.gov). A growing aging population is expected to increase the likelihood of medical emergencies, thus increasing the need for EMTs and paramedics. Plus, emergency rooms are frequently overcrowded, which increases the amount of time that EMTs and paramedics must spend with each patient. This is also likely to increase the number of job positions.

Pathway Concentration Courses

- Introduction to Healthcare Science
- Essentials of Healthcare Science
- Emergency Medical Responder

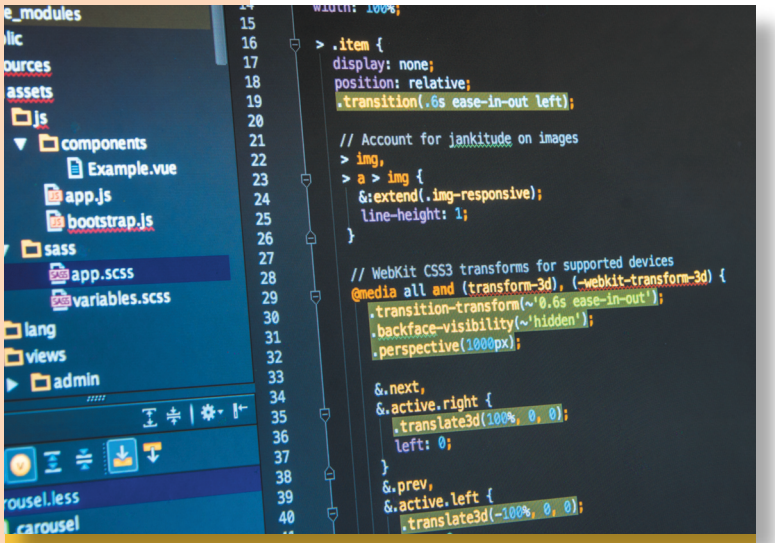
WEB & DIGITAL DESIGN

AHS Spotlights **RAVEN ELLIS**

A graduate of Alexander High School, I am currently a full time college student at Georgia State University with a major in Film & Media and a minor in Entertainment Media Management. So far I am in my Junior year of college and have learned a lot about film history and technique. In the upcoming semester, I have been enlisted to attend the Georgia Film Academy Program which is held at Pinewood Studios. This is where movies like Marvel's Avengers Endgame, Ant Man, Spiderman, and so much more have been filmed. In the past, I have shot and edited two music videos for aspiring artists. I have also made a promotional video for a professional speaker. I intend to graduate in the Spring of 2022. After graduating I plan to work more in the film industry and hope to start my own film and photography company.

WEB AND DIGITAL DESIGN PATHWAY



INDUSTRY CREDENTIAL

W3Schools HTML Certification

This pathway instructs students on the basics of designing a web page and leads to advanced web design and 3D animation. Web design can be found in every area of business and industry, as well as in individuals' personal life. GAME DESIGN PATHWAY

Students completing this pathway will gain an understanding of the fundamental principles used at every stage of the game creation process. After establishing foundational knowledge, game genres and modes of play are explored in terms of the psychology of incentives, motivation to play, and social networking. Virtual characters and non-player characters are reviewed from concept drawing to 2D and 3D art, rigging, and animation. Level design, storytelling, and animation are added to develop a virtual world around the characters. Students taking this pathway are strongly encouraged to add an internship to their curriculum which will give them real world experience and an understanding of how the computer game industry works. Employment of game designers is expected to increase 8 percent from 2016 – 2026, about as fast as the average for all occupations, resulting in 6,200 jobs available nationwide.

MARKETING COMMUNICATIONS AND PROMOTIONS PATHWAY

Keen competition should be expected in these highly coveted jobs. Those working in the marketing communications and promotion field coordinate market research, market strategies, sales, advertising, promotion, pricing, product development and public relations activities. Job opportunities available in this field include advertising managers, account executives, creative directors, media directors, promotions managers, marketing managers, product development managers, market research managers, public relations managers and sales managers. These jobs are found in almost every industry, and the number of jobs available is expected to increase faster than average through 2020. College graduates with related experience, a high level of creativity and strong communication skills will have the best job opportunities. Technology is changing the way we communicate and promote goods and services with potential customers. As a result, the more computer related skills one can accumulate, the better his/her employment opportunities in this industry.

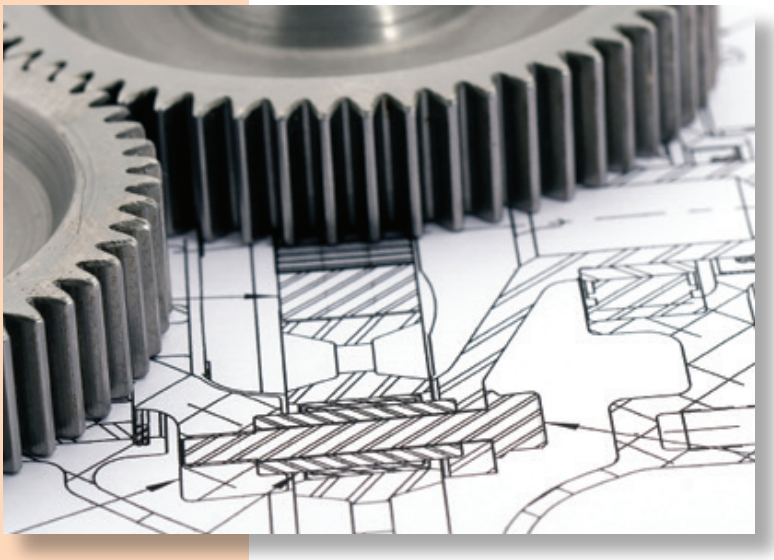
Electrical Engineering Intern - Aerospace, Transportation, and Advanced Systems Lab at Georgia Tech Research Institute

ENGINEERING AND TECHNOLOGY PATHWAY



The major focus of the IED course is to expose students to design process, research and analysis, teamwork, communication methods, global and human impacts, engineering standards, and technical documentation. IED gives students the opportunity to develop skills and understanding of course concepts through activity-, project-, and problem-based (APPB) learning. Used in combination with a teamingapproach, APPB-learning challenges students to continually hone their interpersonal skills, creative abilities, and understanding of the design process. It also allows students to develop strategies to enable and direct their own learning, which is the ultimate goal of education.

WORKFORCE READY PATHWAY

WORKFORCE READY employability skills are transferrable skills and key personal attributes which are highly valued by employers and essential for effective performance in the workplace. Unlike professional or technical skills, these employability skills are generic in nature, rather than job-specific, and are common to all work roles and workplaces across all industry types. Employability skills are also often referred to as employment skills, soft skills, work-readiness skills or foundational skills. They often improve your performance, minimize errors and promote collaboration with your coworkers, enabling you to perform your role more effectively. Employers have high regard for employability skills because they are much harder to teach than job-specific skills. Some employable qualities come naturally, while others can be acquired through education, work or daily practice.

WORKFORCE READY is an employability skills pathway in which you take a deep dive into developing competency and understanding including:

- *the significance of work/jobs on individual, family, community, state, nation, and world economies*
- *development of critical thinking skills related to employment and workforce*
- *communication in workplace and between workers*
- *customer service techniques in various work settings*
- *self-advocacy/self-determination skills related to employment, work-related situations, and personal development*
- *teamwork practices in various settings*
- *personal and workplace health and safety*
- *technology applications*
- *workplace comprehension—reading and listening*
- *dependability in the workplace*
- *personal financial literacy*
- *conflict resolution strategies for the workplace*
- *leadership through Career Technical Student Organizations*

Upon completing the third course of Workforce Ready Pathway, you may earn a minimum of two credentials of value—one selected by the district, and one or more selected collaboratively by the student, teacher, and parent based upon student need. The district selected credential of value is an Employability Skills credential. Additional "value added" credentials will support student access to post-secondary education and/or employment, apprenticeship, etc. Students are to be encouraged to earn as many "value added" credentials as necessary to prepare for and reach career goals. They include:

- *GeorgiaBEST*
- *ACT Work Keys National Career Readiness Certificate*
- *NOCTI Employability Exam – 21st Century Skills/Workplace Skills, Employability Skills, or Workplace Readiness)*

WORKFORCE READY PATHWAY

is designed to provide you with heavy exposure to all aspects of workplace readiness and employability skills development through:

- *Integration of course content into hands-on class activities as applications of the concepts; not to be treated as a unit or separate body of knowledge*
- *Project-based learning*
- *Frequent interaction with business & industry; community as subject matter experts, guest speakers, visits/tours, virtual industry tours, job shadowing, internships, work-based learning placements, and jobs.*
- *Earned credentials of value at the completion of course 3.*

PATHWAY COURSES

Introduction to Career Competencies
Career Competencies
Advanced Career Competencies

CAREER CHOICES

All Careers

VALUE ADDED CREDENTIAL

The student, teacher, and parent may choose any "value added" credential(s) that will support student access post-secondary and/or employment:

- *Employment*
- *ServSafe*
- *OSHA-10*
- *Microsoft Office Specialist*
- *CPR-First Aid*
- *ACCUPLACER/SAT/ACT program ready scores*
- *Any identified Technical Certificate of Credit*
- *Driver's License or State ID card Certified Maintenance Employee (Goodwill)*
- *Certified Guest Service Professional (Goodwill)*
- *Customer Service and Sales Certification*

DUAL ENROLLMENT

All students who wish to participate in Dual Enrollment must have an advisement conference with the school counselor EACH SEMESTER (fall, spring, and/or summer). The law requires the advisement session is to take place with the high school counselor, parent and student. It is the responsibility of the school counselor to abide by DCSS board policy and to discuss applicable information from the following topics with the student and parent/guardian in a Dual Enrollment conference.

DUAL ENROLLMENT FUNDING PROGRAM ELIGIBILITY, EFFECTIVE, SUMMER TERM 2020 (FY 2021).

https://www.gafutures.org/hope-state-aid-programs/scholarships-grants/dual-enrollment/eligibility/

Student Eligibility

- *A student must be enrolled in and physically attending a participating eligible public or private high school in Georgia or an eligible participating home study program in Georgia.*
- *A student must be approved, by the participating high school or home study program at which he or she is enrolled, to participate in dual enrollment.*
- *Prior to participating in Dual Enrollment, as part of the application process, the student and student's parent/guardian must complete the Student Participation Agreement (SPA).*
- *A student must have completed the admission process and been accepted and approved by the participating postsecondary institution.*
- *All postsecondary coursework must be completed prior to high school graduation or home study completion in order to receive Dual Enrollment credit and funding.*

Grade Level Eligibility

11th & 12th Graders

- *Eligible students may take any approved Dual Enrollment courses listed on the Course Directory, at an eligible participating postsecondary institution (USG, TCSG or private).*

10th Graders

- *Eligible students may enroll in approved Career, Technical and Agricultural Education (CTAE) courses listed on the Course Directory at a participating TCSG institution only.*
- *Eligible students who have a minimum SAT score of 1200 or minimum ACT composite score of 26 in a single national test administration, may enroll in any approved courses listed on the Course Directory at a TCSG, USG or private eligible participating postsecondary institution.*

Note: GSFC must have the required test score(s) on file prior to the student completing the Dual Enrollment funding Application and the high school or home study approving courses.

DUAL ENROLLMENT

9th Graders

- *Students in the 9th grade are not eligible to participate in the Dual Enrollment funding Program.*

Public High School Students pursuing High School Graduation with Option B

- *Public high school students, designated by their high school, pursing High School Graduation Option B (SB2) as of Spring term 2020, may enroll in any approved Dual Enrollment courses at a TCSG, USG or private eligible participating postsecondary institution.*
- *Public high school students, designated by their high school, as pursuing High School Graduation Option B (SB2) starting Summer term 2020 or after are subject to the Funding Cap.*

Course Retake & Withdrawals

- *A student may not receive funding to repeat or retake a course.*
- *A student is no longer eligible to continue to receive program funding after withdrawing from Dual Enrollment course(s) two (2) times.*

Funding Cap Eligibility

- *The Dual Enrollment Funding Cap is 30 semester or 45 quarter hours.*
- *The Funding Cap is a hard cap based on hours paid by the Dual Enrollment funding program for terms of enrollment (as invoiced by the postsecondary institutions).*
- *The Funding Cap does not include dual credit coursework attempted and paid by other sources.*
- *The Dual Enrollment Funding Cap is 30 semester or 45 quarter hours for students who received Dual Enrollment funding for 18 semester or 27 quarter or less hours, through Spring term 2020.*
- *The Dual Enrollment Funding Cap for students who received Dual Enrollment funding for 19 semester or 29 quarter or more hours, through Spring term 2020, is extended for an additional 12 semester hours or 18 quarter hours of funding.*
- *Public high school students, designated by their high school, as pursuing High School Graduation Option B (SB2) starting Summer term 2020 or after are subject to the Funding Cap.*
- *Public high school students designated by their high school, as pursuing High School Graduation Option B (SB2) as of Spring term 2020, may continue to complete their pathway while participating in the Dual Enrollment funding program and are not subject to the Funding Cap.*
- *Dual Enrollment funding per term is a maximum of 15 semester or 12 quarter hours and a maximum of three semesters or four quarters per award year based on approved enrollment and available Funding Cap hours.*

Upon reaching the 30 semester or 45 quarter hours program Funding Cap, a student may qualify for HOPE Grant Bridge and HOPE Career Grant funding or may choose to self-pay.

AWARD AMOUNTS

Funding and Award Amounts
https://www.gafutures.org/hope-state-aid-programs/scholarships-grants/dual-enrollment/funding-and-award-amounts/

Funding Cap

- *The Dual Enrollment Funding Cap is 30 semester or 45 quarter hours.*
- *The Funding Cap is a hard cap based on hours paid by the Dual Enrollment funding program for terms of enrollment (as invoiced by the postsecondary institutions).*
- *The Funding Cap does not include dual credit coursework attempted and paid by other sources.*

New Dual Enrollment funding Program Participants

- *All first-time students effective Summer term 2020 and beyond are subject to the Dual Enrollment*

Previous Dual Enrollment funding Program Participants

- *Students who received Dual Enrollment funding for 18 semester or 28 quarter or less hours, through Spring term 2020, are subject to the Funding Cap. For Summer Term 2020 and later, these students may receive funding for the remaining hours up to the Dual Enrollment Funding Cap of 30 semester or 45 quarter hours.*
- *Students who received Dual Enrollment funding for 19 semester or 29 quarter or more hours through Spring term 2020, Funding Cap is extended for an additional 12 semester hours or 18 quarter hours of funding.*

Public High School Students Pursuing High School Graduation with Option B

- *Public high school students deciding to pursue High School Graduation Option B (SB2) beginning Summer term 2020 or after have the Funding Cap.*
- *Public high school students designated by their high school, as pursuing High School Graduation Option B (SB2) as of Spring term 2020, may continue to complete their pathway while participating in the Dual Enrollment funding program and are not subject to the Funding Cap.*

DUAL ENROLLMENT

Reaching the Funding Cap

- *Once a Dual Enrollment student reaches the Funding Cap, a student may:*
- *Self- Pay for college courses*
  - *The college may charge the student tuition, fees and books based on credit hours of enrollment not covered by Dual Enrollment funding.*
- *If the student is enrolled in an eligible Career Grant certificate or diploma program at a TCSG institution, may qualify for HOPE and Career Grant Bridge funding.*
  - *HOPE Grant assist with the tuition. Student may have some tuition, fee and book costs. Check with the institution.*
- *Upon reaching the Funding Cap, the Eligible Postsecondary Institution may charge Tuition and a prorated portion of the Mandatory Fees and book costs, based on credit hours not covered by Dual Enrollment funding.*

Dual Enrollment funding is available up to the student's high school graduation or home study completion date or the Funding Cap, whichever occurs first.

Public High School Students pursuing Graduation Option B

- *If the student is enrolled in an eligible certificate or diploma program at a TCSG institution, may qualify for HOPE and Career Grant Bridge funding (depending upon the specific program of enrollment).*
  - *HOPE Grant assist with the tuition. Student may have some tuition, fee and book costs. Check with the institution.*

Other Options

- *Students choosing to enroll in course not on the Dual Enrollment Directory or not eligible for a course on the Directory due to grade level requirements may self-pay*
  - *The college may charge the student tuition, fees and books based on credit hours of enrollment as other students would be charged.*

Award Amounts

Please review the Dual Enrollment Award Amounts to determine your award amount and contact your college's financial aid office for details.

The specific Dual Enrollment award amount will vary based on the postsecondary institution and the number of credit hours in which a student is enrolled in approved Dual Enrollment courses.

Dual Enrollment Funding Awards

- *The approved award rates to be paid for Tuition, Mandatory Fees and Book costs are annually published and subject to change each year.*
- *The award is available for the per term maximum of 15 semester or 12 quarter hours and a maximum of three semesters or four quarters per award year depending upon the student's eligibility.*
- *Postsecondary institutions must waive all mandatory and non-course related fees and cannot charge eligible high school students participating in the Dual Enrollment program additional tuition, mandatory fees or book costs for courses approved for Dual Enrollment funding.*
- *Institutions must provide required textbooks at no cost to participating students for courses approved for Dual Enrollment funding. If the course textbook and/or course homework delivery method is provided online or online materials are used in lieu of a physical textbook, the institution must provide the access code at no cost to the student for courses approved for Dual Enrollment funding.*

Student Responsibility

- *The postsecondary institution may charge a Dual Enrollment recipient a fine for a lost or damaged book which was loaned to the student, up to $75 or the cost of the book minus the book allowance, whichever is less.*
- *If the student chooses to enroll in courses not covered by Dual Enrollment funding, the postsecondary institution may change the student for tuition, books and fees as other students are charged.*
- *Upon reaching the Funding Cap, the Eligible Postsecondary Institution may charge Tuition and a prorated portion of the Mandatory Fees and book costs, based on credit hours not covered by Dual Enrollment funding.*

DUAL ENROLLMENT FUNDING PROGRAM

Funding Cap and Option B (SB2)
https://www.gafutures.org/media/188194/funding-cap-option-b-sb2-1-pager.pdf

High School Graduation Option B (SB2) is available to Georgia public high school students (O.C.G.A. 20-2-149.2). Per HB 444 of 2020, high school students designated as pursuing a high school diploma by High School Graduation Option B (SB2) as of Spring term 2020, and received Dual Enrollment funding as an Option B (SB2) student, may continue in the Dual Enrollment funding program, while enrolled in approved courses selected from the Dual Enrollment Course Directory, and are not subject to the Funding Cap.

DUAL ENROLLMENT

Effective Summer term 2020 and later, all new public high school students pursuing High School Graduation Option B (SB2) are subject to the 30 semester or 45 quarter hour Dual Enrollment Funding Cap.

Once new Option B students have reached the Funding Cap, they may qualify for the HOPE Grant and Career Grant if attending a HOPE Grant participating eligible TCSG or USG institution (list on the back) and enrolled in a HOPE Grant technical diploma or certificate program. These students must complete the Dual Enrollment application and the postsecondary institution must determine eligibility. HOPE Grant Hours do count in HOPE Combined Paid Hours, thereby affecting HOPE Scholarship hours after high school graduation. For more information visit GAfutures.org.

O.C.G.A 20-2-149.2

(a) A local board of education may award a high school diploma to a student enrolled in coursework pursuant to Code Section 20-2-161.3 who:

(1) Completes rigorous coursework at a postsecondary institution which meets the requirements in paragraph (7) of Code Section 20-3-519 ;

(2) Has completed at least the following state required ninth and tenth grade level high school courses: two English courses, two mathematics courses, two science courses, two social studies courses, and one health and physical education course; and any state required tests associated with any such courses;

(3) Receives a score of admission acceptable on the readiness assessment required by the postsecondary institution; and

(4) Completes: (i) an associate degree program; (ii) a technical college diploma program and all postsecondary academic education and technical education and training prerequisites for any state, national, or industry occupational certifications or licenses required to work in the field; or (iii) at least two technical college certificate of credit programs in one specific career pathway and all postsecondary academic education and technical education and training prerequisites for any state, national, or industry occupational certifications or licenses required to work in the field as determined by the Technical College System of Georgia.

(b) The State Board of the Technical College System of Georgia shall annually identify fields of study in which a critical need or shortage of trained personnel exists in the labor markets in this state and provide such information to the State Board of Education. The State Board of Education shall annually provide such information to local school systems for the purpose of emphasizing areas of critical workforce needs and shortages in the labor markets in our state to high school students to support their career pathway decisions.

(c) The State Board of Education, in consultation with the State Board of the Technical College System of Georgia and the Board of Regents of the University System of Georgia, shall establish rules and regulations to implement the provisions of this Code section.

(d) A student who meets the requirements of subsection (a) of this Code section shall be deemed to have met all graduation requirements of the State Board of Education and shall not be subject to any assessments otherwise required for purposes of graduation.

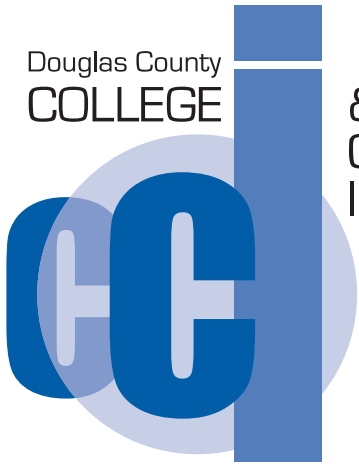
COLLEGE AND CAREER INSTITUTE



COLLEGE AND CAREER INSTITUTE
4600 Timber Ridge Drive, Building D
Douglasville, GA 30135
770.947.7690
cci.dcssga.org

The Douglas County College and Career Institute (CCI) is a collaboration between the Douglas County School System, West Georgia Technical College (WGTC), and the Douglas County Chamber of Commerce to provide opportunities for students to receive both high school and college credit through Dual Enrollment. Students also gain technical skills that increase job prospects whether headed directly into the job market or on to college. The CCI building is located on the West Georgia Technical College campus in Douglas County.

HIGH SCHOOL AND COLLEGE PROGRAM OPPORTUNITIES

COLLEGE AND CAREER INSTITUTE

HIGH SCHOOL COURSES 9-12

AUDIO/VIDEO TECHNOLOGY AND FILM
Topics covered include history of mass media, terminology, safety, basic equipment, script writing, production teams, production and programming, set production, lighting, recording and editing, studio production, and professional ethics. SkillsUSA an organization that provides leadership training and/or for reinforces specific career and technical skills.

MARKETING AND MANAGEMENT PATHWAY
The goal of this pathway is to provide students with knowledge and skills in the foundational areas of marketing that include economics, human relations and business basics. Student will also be provided knowledge and skills in the functional areas of marketing which are product and service planning, marketing-information management, purchasing and pricing, selling and promotion, risk management, financing and distribution/logistics, as well as international marketing, management and entrepreneurship.

WHAT IS DUAL ENROLLMENT?

Dual Enrollment programs are operated in a partnership between WGTC and secondary school systems. Students must first meet the requirements of their local school system to establish eligibility for participation in any program with WGTC. If eligible, students must meet college entrance requirements and, upon successful completion of required coursework, will receive both high school and college credit.

ENROLLMENT STEPS

Step 1 Please see your counselor at your base high school for an application packet

Step 2 Complete and return the packet to your base high school.

Step 3 Wait for an acceptance letter by mail or email.

STEPS TO COMPLETE FUNDING APPLICATION

This MUST be completed EVERY semester of attendance while still in high school.

Step 1 Sign in to GAFutures.org or create account.

Step 2 Click on "Dual Enrollment" under What's New box on right hand side of page.

Step 3 Scroll down page and click on "Dual Enrollment online application" under Application Procedures.

Step 4 Click "Add New Application".

Step 5 Fill in ALL Blanks.
Name, birthdate, address, phone, email
Select High school you attend and click > to add High school
Select West Georgia Technical College and click > to add college

Step 6 Click in check box to certify that all of the information is correct.

Step 7 Click Submit at bottom of page.

ENROLLMENT STEPS FOR GEORGIA HIGHLANDS

- Please meet with your counselor at your base high school

COLLEGE AND CAREER INSTITUTE

DUAL ENROLLMENT AND CERTIFICATES OFFERED

AUTOMOTIVE
2 semesters earn Automotive Chassis Technician Specialist and Automotive Electrical/Electronic Systems Technician

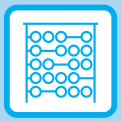
COSMETOLOGY
1 semester earn Shampoo Technician Certificate, continue to work toward Cosmetology diploma

CRIMINAL JUSTICE
2 semesters earn Criminal Justice Fundamentals, Crime Scene Fundamentals

CULINARY ARTS
2 semesters earn Food Production Worker, Prep Cook

CYBER SECURITY
2 semesters earn Cyber Crime Specialist certificate

DENTAL ASSISTING
3 semesters earn Basic Dental Assisting, Advanced Dental Assisting
Age Requirement



EARLY CHILDHOOD EDUCATION
2 semesters earn Early Childhood Care and Education Basics, Child Development Specialist

FINANCIAL TECHNOLOGY
1 semester FinTech certificate (Georgia Highlands)

GAME DEVELOPMENT
2 semesters earn Animation and Game Design Specialist (AAG1) Certificate

NURSE AIDE
1 semester earn Nurse Aide certificate after successful completion of CNA exam
Age requirement

PHARMACY
3 semesters earn Pharmacy Assistant **Age requirement**

WELDING
2 semesters earn Basic Shielded Metal Arc Welder, Advanced Shielded Metal Arc Welder

WORK-BASED LEARNING

The Work-Based Learning (WBL) program is designed to provide experiences and activities that support a school to career transition. This simply means that students are allowed to work off campus in the business community in order to learn more about a chosen career. Once a student has met all requirements for WBL, the WBL Coordinator will determine the correct WBL placement for the student. The students will earn one unit of credit for each completed WBL course.

WBL IS AVAILABLE THROUGH THE FOLLOWING PROGRAMS

Agriculture, Food and Natural Resources

Architecture and Construction

Arts, Audio-Video Technology and Communications

Business Management and Administration

Education and Training

Finance

Government and Public Administration

Health Science

Hospitality and Tourism

Human Services

Information Technology

Law, Public Safety, Corrections and Security

Manufacturing

Marketing

Science, Technology, Engineering and Mathematics

Transportation, Distribution and Logistics

WORK-BASED LEARNING

REQUIREMENTS FOR WBL

- Students who are enrolled in college or career pathway course work can apply for the Work-Based Learning Program.
- Students must be in grades 11 or 12
- Students must be at least 16 years old
- Students must have good attendance, discipline, and teacher recommendations
- Students must have a 2.0 GPA or higher
- The structured work experience must be a job or unpaid internship matching the career goal and course work of the pathway.

EMPLOYABILITY SKILL DEVELOPMENT (ESD)

- Paid entry level work
- Limited to one year
- May or may not be linked to a specific pathway
- Students must complete two courses in the same pathway before participating in WBL/YAP

INTERNSHIP

- Can be paid or unpaid work experience
- Directly related to a student's career pathway
- Can occur in the school or the work place
- Must have earned 2 credits in a college and career pathway

COOPERATIVE EDUCATION (CO-OP)

- Paid work experience
- Directly related to student's career pathway
- Students must complete two courses in the same pathway before participating in WBL/YAP

YOUTH APPRENTICESHIP (YAP)

- Work in a highly technical, highly skilled position
- Work in chosen career area
- Student must have post-secondary education plans in chosen career area (earning a degree, licensing, or certification depending on career requirement)

COMMITMENT

To create among members, educators and business and industry an adherence and appreciation for all Career, Technical, and Agricultural Education Programs

CONVICTION

To develop patriotism through knowledge of our nation's heritage and practice of democracy

EDUCATION

To create enthusiasm and empower students to become lifelong learners

INTEGRITY

To deal honestly and fairly with one another

LEADERSHIP

To develop leadership abilities through participation in educational, professional, community and social activities

PROFESSIONALISM

To promote high standards in career ethics, workmanship, scholarship, and safety

RECOGNITION

Appreciation of the value of achievement

SERVICE

To cultivate a desire to contribute to the benefit and welfare of others

TEAMWORK

To enhance the ability of students to plan together, organize and carry out worthy activities and projects through the use of the democratic process

CAREER AND TECHNICAL STUDENT ORGANIZATIONS

DECA

Distributive Education Clubs of America

DECA prepares emerging leaders and entrepreneurs for careers in marketing, finance, hospitality and management in high schools and colleges around the globe. DECA currently operates in the over 4,000 high schools in many different countries including Mexico, Germany, Puerto Rico, and Canada. DECA is a co-curricular student organization in which students gain leadership and communication skills. DECA members are given opportunities to participate in: community service, competitions, and conferences at the local, state, and national level, post-secondary school exploration, job-shadowing, hosting and participating in events, and real-world industry visits. DECA gives students the chance to work with real business partners and can open the door for future employment opportunities. As an organization, DECA holds an annual Fall Leadership Conference that sharpens the skills and techniques of the attendees. At the annual state conference, students are also allowed to compete in a range of areas including Sports and Entertainment Marketing, Apparel and Accessories, Automotive, Restaurant Management, Accounting and many more. There is over $300,000 of scholarship money from DECA's corporate sponsors available to its members.

www.gadeca.org

www.deca.org

FBLA

Future Business Leaders of America

Georgia FBLA is a nonprofit student organization committed to preparing today's students for success in business leadership. With over 50 years of experience, Georgia FBLA is the premiere organization for student leaders.

Georgia FBLA is an affiliate of Future Business Leaders of America-Phi Beta Lambda, Inc., the largest student business organization in the world with more than 250,000 members. Georgia is also the largest FBLA chapter in the nation with over 20,000 members.

FBLA is an important partner in the success of school-to-work programs, business education curriculums, and student leadership development. FBLA is recognized by the U.S. Department of Education and Labor as an integral part of a co-curricular approach to business and leadership education.

The FBLA mission is to bring business and education together in a positive working relationship through innovative leadership and career development programs. We bring our mission to life through the application of our motto: Service, Education, and Progress.

FCCLA

Family, Career, and Community Leaders of America

FCCLA is a national student organization that helps young men and women become leaders and address important personal, family, work, and social issues through family and consumer sciences education. Through cooperative and competitive programs, FCCLA members develop skills for life including character development, creative and critical thinking, interpersonal communication, practical knowledge, and career preparation. Participation in national programs and co-curricular chapter activities enables FCCLA members to learn cooperation, take responsibility, develop leadership, and give service.

CAREER AND TECHNICAL STUDENT ORGANIZATIONS

FFA
An Association of Agricultural Students

FFA represents the relevancy to the core areas offering students opportunities that change lives and prepares students for premier leadership, personal growth, and career success. Founded in 1928, the FFA organization represents a large diversity of over 300 careers in the food, fiber, and natural resources industry. FFA is an integral part of a school system. FFA uses agricultural education to create real-world success. Agriculture teachers become advisors to local FFA chapters, which students join. More than 7,000 FFA chapters are currently in existence; their programs are managed on a local, state, and national level. Each chapter's Program of Activities is designed with the needs of the students in mind. Activities vary greatly from school to school but are based in a well-integrated curriculum. Chapter activities and FFA programs concentrate on three areas of our mission: premier leadership, personal growth, and career success. The FFA motto gives members twelve short words to live by as they experience the opportunities in the organization. Learning to Do, Doing to Learn, Earning to Live, Living to Serve.

FIRST Robotics
For Inspiration and Recognition of Science and Technology

FIRST was founded in 1989 to inspire young people's interest and participation in science and technology. Based in Manchester, NH, the 501(c)(3) not-for-profit public charity designs accessible, innovative programs that motivate young people to pursue education and career opportunities in science, technology, engineering, and math, while building self-confidence, knowledge, and life skills. FIRST is More Than Robots. FIRST participation is proven to encourage students to pursue education and careers in STEM-related fields, inspire them to become leaders and innovators, and enhance their 21st century work-life skills.

HOSA
Future Health Professionals

Serving future health professionals since 1976, HOSA was created with the idea of providing students opportunities to develop as a leader and a future employee. HOSA creates driven, determined student leaders that are excited about healthcare and all that HOSA has to offer. Above all, HOSA is a tool vital to the success of students, teachers, and health professionals. HOSA is 100% healthcare and connects all hubs of the healthcare field. Through its network of state and local chapters, HOSA provides powerful instructional tools, recognition, leadership, networking, scholarships, and connections to the healthcare industry to thousands of members across the United States.

SkillsUSA
Champions at Work

SkillsUSA is a partnership of students, teachers, and industry representatives working together to ensure America has a skilled work force. It helps each student excel. SkillsUSA serves teachers and high school students who are preparing for careers in trade, technical, and skilled service occupation, including health occupations. More than 300,000 students and instructors join SkillsUSA annually, organized into more than 17,000 sections and 54 state and territorial associations. SkillsUSA has served more than 9.9 million members since its founding. SkillsUSA is an applied method of instruction for preparing America's high performance workers enrolled in public career and technical programs. It provides quality educational experiences for students in leadership, teamwork, citizenship, and character development. It builds and reinforces self-confidence, work attitudes, and communications skill. It emphasizes total quality at work: high ethical standard, superior work skill, life-long education, and pride in the dignity of work. SkillsUSA also promotes understanding of the free-enterprise system and involvement in community service.

TSA
Technology Student Association

The mission of the Technology Student Association is learning to lead in a technical world. TSA enhances personal development, leadership, and career opportunities in STEM, whereby members apply and integrate these concepts through intracurricular activities, competitions, and related programs.

SCHOOL KEY SYSTEM

- Alexander High School
- Chapel Hill High School
- Douglas County High School
- Lithia Springs High School
- New Manchester High School
- College & Career Institute

Schools offering class	
Class name	**AP LANGUAGE COMPOSITION**
When class can be taken	**Grade** 9, 10, 11
Class requirements	**Prerequisite** Test Scores
Class description	Provides fundamental skills development in all areas of English/Language Arts.

AP and Honors courses provide students with more academic rigor, opportunity for enrichment, and opportunity to work toward the AP test in English. Basic requirements for Honors and AP courses include a higher reading level, willingness and ability to accept more academic rigor, self-discipline and motivation, and a desire to prepare for college. Students who wish to take honors and AP English courses should see their current teacher for a recommendation.

9TH GRADE REP - BASIC READING AND WRITING I (READING ENRICHMENT 180)

Grade 9
Prerequisite EOG Test Scores

Provides fundamental skills development in all areas of English/Language Arts in a language lab setting which includes, drill and practice opportunities in writing, organizing, speaking, reading, and critical thinking.

9TH GRADE LITERATURE AND COMPOSITION

Grade 9
Prerequisite 8th Grade English

Integrates writing, grammar and usage, literature, speaking, listening, and critical thinking skills. Presents the writing process: planning, drafting, revising, editing and proofing; the study of form in personal narratives, descriptions, and expository papers. Includes reading a variety of multicultural literature: short stories, novels, tales, poetry, drama and nonfiction. Emphasizes oral and written response to literature, distinguishing characteristics of various genres, literary elements, and vocabulary study.

HONORS 9TH GRADE LITERATURE AND COMPOSITION

Grade 9
Prerequisite 8th Grade Teacher Recommendation, EOG Scores or Parent Waiver

Integrates writing, grammar and usage, literature, speaking, listening, and critical thinking skills. Presents the writing process: planning, drafting, revising, editing and proofing; the study of form in personal narratives, descriptions, and expository papers with emphasis on writing. Includes reading a variety of multicultural literature: short stories, novels, tales, poetry, Shakespearean drama, and nonfiction. Emphasizes oral and written response to literature, distinguishing characteristics of various genres, literary elements, and vocabulary study. Summer reading assignments are mandatory, and outside reading is required throughout the course.

ENGLISH

10TH GRADE LITERATURE AND COMPOSITION

Prerequisite 9th Grade Literature and Composition

Includes literary selections from multiple genres to improve reading comprehension and a strong ability to analyze various genres of writing. Stresses organization and development of logical, analytical thinking. Includes grammar, mechanics, usage, research skills, and activities designed to enhance problem solving, critical analysis, and listening abilities. Presents the writing process, with a focus on argumentative writing and research skills.

HONORS 10TH GRADE LITERATURE AND COMPOSITION

Prerequisite Honors 9th Grade Literature and Composition, Teacher Recommendation or Parent Waiver

Includes literary selections from multiple genres to improve reading comprehension and a strong ability to analyze various genres of writing. Stresses organization and development of logical, analytical thinking. Includes grammar, mechanics, usage, research skills, and activities designed to enhance problem solving, critical analysis, and listening abilities. Summer reading assignments are mandatory, and outside reading is required throughout the course.

AMERICAN LITERATURE AND COMPOSITION

Prerequisite 9th Grade Literature and Composition, 10th Grade Literature and Composition, EOC Required

Offers opportunities to improve reading, writing, speaking, listening, and critical thinking skills through the study of American literature. Includes a variety of literary genres and multicultural writers in a chronological or thematic pattern. Emphasizes developing control in expository writing (thesis support), moving toward precision in personal narrative, descriptive, and persuasive writing. Refines research skills. Integrates grammar, mechanics, and usage into the writing process.

HONORS AMERICAN LITERATURE AND COMPOSITION

Prerequisite Honors 9th and 10th Grade Literature, Teacher Recommendation or Parent Waiver

Offers opportunities to improve reading, writing, speaking, listening, and critical thinking skills through the study of American literature. Includes a variety of literary genres and multicultural writers in a chronological or thematic pattern. Emphasizes developing control in expository writing (thesis support), moving toward precision in personal narrative, descriptive, and persuasive writing. Refines research skills. Integrates grammar, mechanics, and usage into the writing process. Emphasizes oral and written response to literature, distinguishing characteristics of various genres, literary elements, and vocabulary study. Summer reading assignments are mandatory, and outside reading is required throughout the course.

AP LANGUAGE AND COMPOSITION

Grade 11

Prerequisite Honors 10th Grade Literature, or Honors American Literature, Teacher Recommendation or Parent Waiver

This college-level class is designed to help students become skilled readers of prose written in a variety of periods, disciplines, and rhetorical contexts and to become skilled writers who can compose for a variety of purposes. Through their writing and reading in this course, students should become aware of the interactions among a writer's purposes, audience expectations, and subjects, as well as the way generic conventions and the resources of language contribute to effective writing. Summer reading assignments are mandatory, and outside reading is required throughout the course.

12TH GRADE BRITISH LITERATURE AND COMPOSITION

Grade 12

Prerequisite 9th Grade Literature and Composition, 10th Grade Literature and Composition and American Literature

Offers opportunities to improve reading, writing, speaking, listening, and critical thinking skills through the study of literary selections from British/English writers organized chronologically or thematically. Emphasizes developing control in expository writing (thesis support), moving toward precision in personal narrative, descriptive, and persuasive writing. Refines research skills. Integrates grammar, mechanics, and usage into the writing process.

AP LITERATURE AND COMPOSITION

Grade 12

Prerequisite 11th Grade American Literature, AP Language and Composition, Teacher Recommendation, or Parent Waiver

This course conforms to the College Board recommendations for the AP Literature and Composition Examination. It covers the study and practice of writing and the study of literature. It emphasizes writing critical analysis of literature and includes essays in exposition and argument, poetry, drama, prose fiction, and expository literature.

ENGLISH

AP CAPSTONE SEMINAR
Grade 10, 11

A foundational course that engages students in cross-curricular conversations that explore the complexities of academic and real-world topics and issues by analyzing divergent perspectives. Using an inquiry framework, students practice reading and analyzing articles, research studies, and foundational literary and philosophical texts; listening to and viewing speeches, broadcasts, and personal accounts; and experiencing artistic works and performances. Students learn to synthesize information from multiple sources, develop their own perspectives in research based written essays, and design and deliver oral and visual presentations, both individually and as part of a team. Ultimately, the course aims to equip students with the power to analyze and evaluate with accuracy and precision in order to craft and communicate evidence-based arguments.

AP RESEARCH PROJECT
Grade 11, 12

The College Board's Advanced Placement Program is collaborating to offer the AP Capstone Program and Credential, designed to support high school students in developing skills increasingly valued by Colleges. The AP Capstone Research Project is an independent mentored project culminating in a 4,500- to 5,000-word academic paper. It enables students to develop practical skills in research methodology and in managing a sustained piece of academic work. Students are evaluated on their ability to design, plan and manage a research project; collect and analyze information; evaluate and make reasoned judgments; and communicate their findings and conclusions.

YEARBOOK/JOURNALISM
Grade 10, 11, 12
Prerequisite Application, Teacher Recommendation and Approval, Willingness to Learn Desktop Publishing, Satisfactory Grades in All English Courses

Yearbook journalism is an English elective class that produces the school's yearbook. Students must be able to attend events and activities before and after school. Counts for elective English credit.

MULTICULTURAL LITERATURE
Grade 10, 11, 12
Prerequisite 9th Grade Literature and Composition

Multicultural Literature focuses on works by and about people of diverse ethnic backgrounds (African, African-American, Native American, Asian, Hispanic/Latin). It stresses exploring themes of linguistic and cultural diversity and developing critical thinking skills through class discussion and oral and written presentations. Counts for elective English credit. Some colleges may not recognize this course for 12th grade English credit.

FILM STUDY
Grade 11, 12

An introduction to the concepts and techniques of film analysis and criticism. This course is divided into genres and focuses on using film as literature to study various cultures through visual and narrative means and critically analyze the filmmaking process, as well as other forms of visual media. An exploration of theme, tone, and author's purpose are also strongly emphasized. Film Study focuses on the relationship between literature and the efficacy of aesthetic theory as a mode of viewing and interpretation. We will explore these issues in relation to specific works of film and literature.

WRITER'S WORKSHOP
Grade 11, 12

This course offers opportunities for students to explore different writing genres: narrative, argument, and expository modes of discourse. The students will study a variety of writers and their writer's style in the modes of discourse studied in the course. The students will have opportunities to improve writing proficiency through a complete study of the components of solid writing: organization, fluency, style, diction, grammar and usage, imaginative expressions, and details. The course allows students to utilize the writing process to write independently to improve their ability to communicate effectively in writing. This course reflects grade-level appropriate Georgia Standards of Excellence.

MYTHOLOGY
Grade 10, 11, 12
Prerequisite 9th Grade Literature and Composition

This course is designed to enrich student knowledge of classical mythology and explore how the myths of ancient civilizations affect literature today. Students study the creation myths from different cultures: Classical Greek and Roman Mythology, British Mythology, Norwegian Mythology, Native American Mythology, Pacific Mythology, Middle Eastern (Arabian) Mythology, African Mythology, and Oriental Mythology. Students learn to compare and contrast myths and discuss common elements in myths, interpret meaning in myths, and examine cultural and historical context in which they were written. Elements of modern myths are examined, and the relation of myth to other literature is a major component of the course. Counts for elective English credit.

ENGLISH

NEWSPAPER JOURNALISM
Grade 10, 11, 12
Prerequisite 9th Grade Literature and Composition

Journalism introduces students to the exciting world of the print and digital media. Law, ethics, and the history of journalism will complement the major units of study: reporting, writing, editing, advertising and design. This course is designed to enable students to learn the art of reporting, writing, and presenting the news. Counts for elective English credit.

ORAL/WRITTEN COMMUNICATION (DEBATE)
Grade 9, 10, 11, 12

This course is designed to develop skills in argumentation, competitive speech, logic, research, providing and taking positions, and filing evidence/research for use in public and personal communication. It further helps students carefully examine a topic for discussion, noting all sides before reaching a conclusion or decision and introduces traditional debate. *This course receive academic elective credit.*

DRAMATIC WRITING
Grade 12
Prerequisite 9th and 10th Grade Literature and Composition and American Literature and Composition, or Teacher Recommendation and Approval

Integrates skills culminating in creating and developing multiple pieces of dramatic writing for theatrical media with a special emphasis on film and television. Includes development of the writer's stance by reading and analyzing various genres of texts in addition to viewing and analyzing visual media from a writer's point of view. Focuses on understanding, mastering, and applying: the construction process, research skills, critical thinking skills, and conventions of Standard English grammar and usage. Outside reading is required throughout the course. Counts as an English credit.

WOMEN IN LITERATURE
Grade 9, 10, 11, 12

Women in Literature focuses on works composed by women of diverse ethnic backgrounds and stresses exploring themes of linguistic and cultural diversity. This course is designed to develop critical thinking skills through class discussions, literary analysis, and oral presentation. Counts as an elective English credit.

SPEECH/FORENSICS I
Grade 9, 10, 11, 12

This course is a detailed study of forensic speaking including extemporaneous speaking, oration, interpretation of literature, and debate. There is an emphasis on understanding various forensic speaking formats and the importance of applying reasoning, research, and delivery skills. Critical thinking is a major component of this course.

SPEECH/FORENSICS II
Grade 9, 10, 11, 12

This course is an extension of Speech/Forensic I. The course provides a review of the skills covered in the first course. The emphasis for this course is classical and contemporary theory. The students will understand the philosophical basis of argumentative theory.

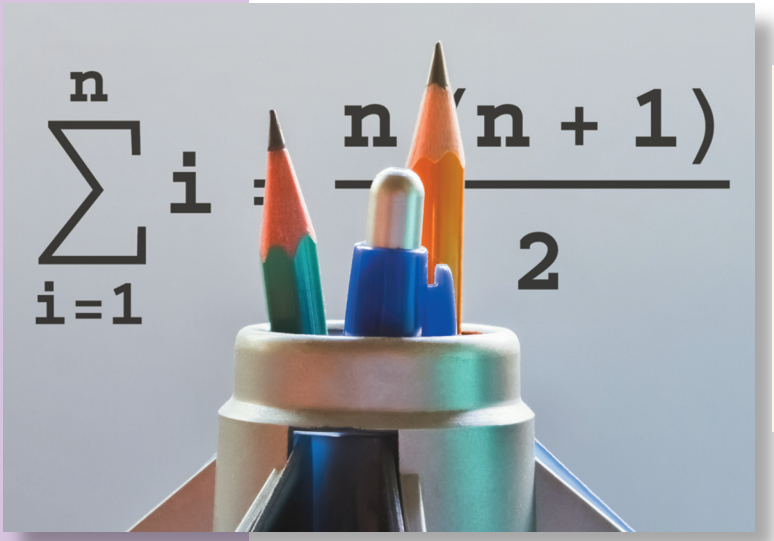
SPEECH/FORENSICS III
Grade 9, 10, 11, 12

This course is designed for intensive training in directed research. Students will research various sources including, but not limited to, computer networks, legal journals, and government documents. Students will become aware of the complexity of social issues and public policy. Through this understanding, students will be able to formulate sound arguments and understand counterarguments. Speaking skills will be honed through practice and performance.

SPEECH/FORENSICS IV
Grade 9, 10, 11, 12

This course is designed to provide students ample opportunities to improve their ability to present a persuasive position through speech. Persuasive speaking skills are refined by researching, effective presentation, and compelling articulation of persuasive ideas. The student will understand and appreciate the importance of public speaking, clear writing, sound debate, advertising, mass media, politics, and law. The key component will be to understand the role of advocacy in society.

MATHEMATICS



SCHOOL KEY SYSTEM

- Alexander High School
- Chapel Hill High School
- Douglas County High School
- Lithia Springs High School
- New Manchester High School
- College & Career Institute

Schools offering class	
Class name	**AP LANGUAGE COMPOSITION**
When class can be taken	**Grade** 9, 10, 11
Class requirements	**Prerequisite** Test Scores
Class description	Provides fundamental skills development in all areas of English/Language Arts.

Georgia Mathematics focuses on actively engaging the student in the development of mathematical understanding by working independently and cooperatively to solve problems, estimating and computing efficiently, using appropriate tools, concrete models and a variety of representations, and conducting investigations and recording findings. There is a shift toward applying mathematical concepts and skills in the context of authentic problems and student understanding of concepts rather than merely following a sequence of procedures. In mathematics classrooms, students will learn to think critically in a mathematical way with an understanding that there are many different solution pathways and sometimes more than one right answer in applied mathematics. Mathematics is the economy of information. The central idea of all mathematics is to discover how knowing some things leads, via reasoning, to knowing more—without having to commit the information to memory as a separate fact. It is the reasoned, logical connections that make mathematics manageable. The implementation of the Georgia Standards of Excellence in Mathematics places the expected emphasis on sense-making, problem solving, reasoning, modeling, representation, connections, and communication.

GSE FOUNDATIONS OF ALGEBRA

Foundations of Algebra is a first year high school mathematics course option for students who have completed mathematics in grades 6 – 8 yet will need substantial support to bolster success in high school mathematics. The course is aimed at students who have reported low standardized test performance in prior grades and/or have demonstrated significant difficulties in previous mathematics classes.

Foundations of Algebra will provide many opportunities to revisit and expand the understanding of foundational algebra concepts, will employ diagnostic means to offer focused interventions, and will incorporate varied instructional strategies to prepare students for required high school mathematics courses. The course will emphasize both algebra and numeracy in a variety of contexts including number sense, proportional reasoning, quantitative reasoning with functions, and solving equations and inequalities.

Instruction and assessment include the appropriate use of manipulatives and technology. Mathematics concepts are represented in multiple ways, such as concrete/pictorial, verbal/written, numeric/data-based, graphical, and symbolic. Concepts are introduced and used, where appropriate, in the context of realistic experiences.

MATHEMATICS

GSE ALGEBRA I (AHS, CHHS, LSHS AND NMHS OFFERS HONORS)

Algebra I is the first course in a sequence of three required high school courses designed to ensure career and college readiness. The course represents a discrete study of algebra with correlated statistics applications.

The standards in the three-course high school sequence specify the mathematics that all students should study in order to be college and career ready. Additional mathematics content is provided in fourth credit courses and advanced courses including pre-calculus, calculus, advanced statistics, discrete mathematics, and mathematics of finance courses. High school course content standards are listed by conceptual categories including Number and Quantity, Algebra, Functions, Geometry, and Statistics and Probability. Conceptual categories portray a coherent view of high school mathematics content.
A student's work with functions, for example, crosses a number of traditional course boundaries, potentially up through and including calculus. Standards for Mathematical Practice provide the foundation for instruction and assessment.

GSE ALGEBRA II (ALL SCHOOLS OFFERS HONORS)

Algebra II is the culminating course in a sequence of three high school courses designed to ensure career and college readiness. It is designed to prepare students for fourth course options relevant to their career pursuits.

The standards in the three-course high school sequence specify the mathematics that all students should study in order to be college and career ready. Additional mathematics content is provided in fourth credit courses and advanced courses including pre-calculus, calculus, advanced statistics, discrete mathematics, and mathematics of finance courses. High school course content standards are listed by conceptual categories including Number and Quantity, Algebra, Functions, Geometry, and Statistics and Probability. Conceptual categories portray a coherent view of high school mathematics content. A student's work with functions, for example, crosses a number of traditional course boundaries, potentially up through and including calculus. Standards for Mathematical Practice provide the foundation for instruction and assessment.

GSE GEOMETRY (ALL SCHOOLS OFFERS HONORS)

Geometry is the second course in a sequence of three required high school courses designed to ensure career and college readiness. The course represents a discrete study of geometry with correlated statistics applications.

The standards in the three-course high school sequence specify the mathematics that all students should study in order to be college and career ready. Additional mathematics content is provided in fourth credit courses and advanced courses including pre-calculus, calculus, advanced statistics, discrete mathematics, and mathematics of finance courses. High school course content standards are listed by conceptual categories including Number and Quantity, Algebra, Functions, Geometry, and Statistics and Probability. Conceptual categories portray a coherent view of high school mathematics content. A student's work with functions, for example, crosses a number of traditional course boundaries, potentially up through and including calculus. Standards for Mathematical Practice provide the foundation for instruction and assessment.

GSE PRE-CALCULUS (AHS, CHHS, DCHS, NMHS OFFERS HONORS)

Pre-Calculus is a fourth mathematics course designed to prepare students for calculus and other college level mathematics courses.

High school course content standards are listed by conceptual categories including Number and Quantity, Algebra, Functions, Geometry, and Statistics and Probability. Conceptual categories portray a coherent view of high school mathematics content. A student's work with functions, for example, crosses a number of traditional course boundaries, potentially up through and including calculus. Standards for Mathematical Practice provide the foundation for instruction and assessment.

AP PRE-CALCULUS

AP Precalculus prepares students for other college level mathematics and science courses. The framework delineates content and skills common to college precalculus courses that are foundational for careers in mathematics, physics, biology, health science, social science, and data science. Students study each function type through their graphical, numerical, verbal, and analytical representations and their applications in a variety of contexts. Furthermore, students apply their understanding of functions by constructing and validating appropriate function models for scenarios, sets of conditions, and data sets, thereby gaining a deeper understanding of the nature and behavior of each function type.

MATHEMATICS

GSE ACCELERATED PRE-CALCULUS

Accelerated Pre-Calculus is the third in a sequence of mathematics courses designed to ensure that students are prepared to take higher–level mathematics courses during their high school career, including Advanced Placement Calculus AB, and Advanced Placement Statistics.

The standards in the three-course high school sequence specify the mathematics that all students should study in order to be college and career ready. Additional mathematics content is provided in fourth credit courses and advanced courses including, calculus, advanced statistics, discrete mathematics, and mathematics of finance courses. High school course content standards are listed by conceptual categories including Number and Quantity, Algebra, Functions, Geometry, and Statistics and Probability. Conceptual categories portray a coherent view of high school mathematics content. A student's work with functions, for example, crosses a number of traditional course boundaries, potentially up through and including calculus. Standards for Mathematical Practice provide the foundation for instruction and assessment.

AP CALCULUS

Grade 12
Prerequisite Accelerated Pre-Calculus or Pre-Calculus or Parent Waiver

This course follows the College Board syllabus for the AP Calculus AB Examination.The content iIncludes properties of functions and graphs, limits and continuity, differential calculus, and integral calculus.

ADVANCED MATH DECISION MAKING

Prerequisite Algebra II, Advanced Algebra, Accelerated Geometry B/Algebra II or Accelerated Analytic Geometry B/Advanced Algebra

This is a course designed to follow the completion of Algebra II, Advanced Algebra, Accelerated Geometry B/Algebra II or Accelerated Analytic Geometry B/Advanced Algebra.The course will give students further experiences with statistical information and summaries, methods of designing and conducting statistical studies, an opportunity to analyze various voting processes, modeling of data, basic financial decisions, and use network models for making informed decisions.

AP STATISTICS

Grade 12
Prerequisite Accelerated Pre-Calculus or Pre-Calculus or Teacher Recommendation

This course conforms to the College Board recommendation for the AP Statistics.The course enables students to apply statistical methods in problem solving using data collected through experimentation, computer simulations, and various sources; provides opportunities to model statistical methods, derive probabilities, and make inferences; presents applications of statistics in real-life situations; and shows how misleading statistics could be better presented.

COLLEGE READINESS MATHEMATICS

This is a fourth course option for students who have completed Algebra I and Algebra II, but are still struggling with high school mathematics standards essential for success in first year post-secondary mathematics courses required for non-STEM majors.The course is designed to serve as a bridge for high school students who will enroll in non-STEM post-secondary study and will serve to meet the high school fourth course graduation requirement.

The course will revisit and expand the understanding of content standards introduced in earlier mathematics courses and will emphasize numeracy, algebra and functions, geometry, and statistics in a variety of contexts. Instruction and assessment should include the appropriate use of manipulative and technology. Mathematics concepts are be represented in multiple ways, such as concrete/pictorial, verbal/written, numeric/data-based, graphical, and symbolic. Concepts are introduced and used, where appropriate, in the context of realistic experiences.The Standards for Mathematical Practice will provide the foundation for instruction and assessment.

MATH OF FINANCE

This is a fourth course option for students who have completed Algebra, Geometry, and Algebra 2 and do not plan on attending a four year university. Mathematics of Fiance concentrates on the mathematics necessary to understand and make informed decisions related to personal finance.The mathematics in the course will be based on many topics in prior courses; however, the specific applications will extend the student's understanding of when and how to use these topics. Instruction and assessment should include the appropriate use of manipulatives and technology.Topics should be represented in multiple ways, such as concrete/pictorial, verbal/written, numeric/data-based, graphical, and symbolic. Concepts should be introduced and used, where appropriate, in the context of realistic phenomena.

SCIENCE

SCHOOL KEY SYSTEM

- Alexander High School
- Chapel Hill High School
- Douglas County High School
- Lithia Springs High School
- New Manchester High School
- College & Career Institute

Schools offering class	
Class name	**AP LANGUAGE COMPOSITION**
When class can be taken	**Grade** 9, 10, 11
Class requirements	**Prerequisite** Test Scores
Class description	Provides fundamental skills development in all areas of English/Language Arts.

BIOLOGY I (EOC REQUIRED)

Grade 9, 10
Prerequisite

This is an introductory course in biology and is the study of the chemical and physical properties of life. During the course students will actively delve into all aspects of the living world including, but not limited to, the cell, biological diversity and change, genetics, ecology, and biochemistry.

HONORS BIOLOGY I (EOC REQUIRED)

Grade 9
Prerequisite Honors Program, Parent Waiver

Honors Biology involves in-depth study of the development of living organisms from cellular to organism levels and emphasizes relationships between the living and non-living realms of various ecosystems throughout the world. These same concepts are addressed in any college preparatory biology course, but Honors Biology is differentiated for accelerated learners through the rate and depth of coverage and the focus of the instructional modes. Emphasis is placed upon learner-centered investigations involving problem-solving, real-world application, and critical thinking about issues of significance on personal, community, state, national, and global levels.

AP BIOLOGY I

Grade 11, 12
Prerequisite Honors Program, Biology, Chemistry,
Parent Waiver, Teacher Recommendation

AP Biology aims to help students gain a conceptual framework for modern biology and an appreciation of science as a process. The three main areas of focus are: molecules and cells, heredity and evolution, organisms and populations. Primary focus will be on developing an understanding of concepts rather than on memorizing terms and technical details.

PHYSICAL SCIENCE

Grade 10, 11
Prerequisite Biology

Students in this course will learn basic concepts about matter and energy. They will use appropriate scientific processes and investigative techniques to explore both matter and energy and the laws governing relationships of these in the universe.

HONORS PHYSICAL SCIENCE

Grade 10
Prerequisite Honors Program, Parent Waiver

This course includes matter and energy concepts with emphasis on higher-order thinking skills. While many of the objectives for this course are similar to Physical Science, these objectives are differentiated to allow for more interdisciplinary topics and greater amounts of independent study and research.

SCIENCE

CHEMISTRY I

Grade 11
Prerequisite Physical Science, Biology, Algebra I

This course provides the student with understanding of basic chemical knowledge regarding areas such as atomic structure, bonding, nomenclature, chemical reactions, pH, and solutions. All topics will be addressed in terms of practical applications based on common uses in the home and workplace.

HONORS CHEMISTRY I

Grade 10, 11, 12
Prerequisite Honors Program, Physical Science, Biology, Algebra I, Parent Waiver

The student will learn facts, formulas, and principles necessary to the essential understanding of the field of chemistry. The student will learn the fundamental concepts underlying the nature of chemistry and its role in society. Although this course covers many of the same topics as Chemistry I, students are provided numerous opportunities to develop critical thinking and problem solving skills to use not only in chemistry, but also in everyday life. This course is designed to be an Honors Chemistry course giving students the skills necessary to succeed at this level of work.

AP CHEMISTRY I

Grade 10, 11
Prerequisite Physical Science, Biology, Chemistry, Algebra I, Teacher Approval, Parent Waiver

This course is a college level study of the nature of matter and will include chemical nomenclature, stoichiometry, bonding, molecular geometry, chemical kinetics, equilibrium, and reaction rates. Special emphasis will be placed upon chemical thermodynamics and electrochemistry. Good for students perusing degrees in Pharmacy.

PHYSICS - (DCHS AND LSHS OFFERS HONORS)

Grade 11, 12
Prerequisite Physical Science, Passed or Algebra II

Physics is the study of the interactions of matter and energy. It includes concepts such as velocity, acceleration, force, momentum and charge. Students investigate physics concepts through experience in laboratories and field work using the processes of inquiry.

AP PHYSICS I

Prerequisite or Co-Prerequisite Pre-Calculus

AP Physics 1 is an algebra-based, introductory college-level physics course that explores topics such as Newtonian mechanics (including rotational motion); work, energy, and power; mechanical waves and sound; and introductory, simple circuits. Through inquiry based learning, students will develop scientific critical thinking and reasoning skills. This course requires that 25 percent of the instructional time will be spent in hands-on laboratory work, with an emphasis on inquiry based investigations that provide students with opportunities to apply the science practice. Students should have completed geometry and be concurrently taking Algebra II or an equivalent course. Although the Physics I course includes basic use of trigonometric functions, this understanding can be gained either in the concurrent math course or in the AP Physics I course itself. No prior course work in physics is necessary.

AP PHYSICS C: MECHANICS

AP Physics C: Mechanics is equivalent to a one-semester, calculus based, college-level physics course, especially appropriate for students planning to specialize or major in physical science or engineering. The course explores topics such as kinematics; Newton's Laws of motion; work, energy and power; systems of particles and linear momentum; circular motion and rotation; and oscillations and gravitation. Introductory differential and integral calculus is used throughout the course. Students should have taken or be concurrently taking calculus.

ENVIRONMENTAL SCIENCE

Grade 9, 10, 11, 12

The Environmental Science curriculum is designed to extend student investigations that began in grades K-8. This curriculum is extensively performance, lab and field based. It integrates the study of many components of our environment, including the human impact on our planet. Instruction should focus on student data collection and analysis. Some concepts are global; in those cases, interpretation of global data sets from scientific sources is strongly recommended. It would be appropriate to utilize resources on the Internet for global data sets and interactive models. Whenever possible, careers related to environmental science should be emphasized.

AP ENVIRONMENTAL SCIENCE

Grade 11, 12
Prerequisite Honors Program, Biology, Physical Science, Parent Waiver, Teacher Recommendation

The goal of the AP Environmental Science course is to provide students with the scientific principles, concepts, and methodologies required to understand the interrelationships of the natural world, to identify and analyze environmental problems both natural and human-made, to evaluate the relative risks associated with these problems, and to examine alternative solutions for resolving or preventing them. Topics include: energy, resources, human impact, natural processes and relationships in the environment and sustainability issues.

SCIENCE

AP COMPUTER SCIENCE PRINCIPLES

Grade 10, 11, 12

The AP Computer Science course emphasizes object-oriented programming methodology with a concentration on problem solving and algorithm development. This course is meant to be the equivalent of a first-semester college-level course in computer science. It also includes the study of data structures, design, and abstraction. Emphasis in the course is on procedural and data abstraction, object-oriented programming and design methodology, algorithms, and data structures.

AP COMPUTER SCIENCE A

The AP Computer Science A course introduces students to computer science with fundamental topics that include problem solving, design strategies and methodologies, organization of data (data structures), approaches to processing data (algorithms), analysis of potential solutions and the ethical and social implications of computing. The course emphasizes both object-oriented and imperative problem solving and design. AP Computer Science A focuses on the Java programming language. Students are encouraged to take AP Computer Science Principles prior to taking AP Computer Science A.

ASTRONOMY

Grade 11, 12
Prerequisite Physical Science

This course will provide the student with an introduction to the concepts of modern astronomy, the origin and history of the Universe and the formation of the Earth and the solar system. Students will compare the Earth's properties with those of the other planets and explore how the heavens have influenced human thought and action. The course gives a description of astronomical phenomena using the laws of physics. The course treats many standard topics including planets, stars, the Milky Way and other galaxies, black holes to more esoteric questions concerning the origin of the universe and its evolution and fate. Although largely descriptive, the course will occasionally require the use of sophomore-high level mathematics. Laboratory exercises include experiments in light properties, measurement of radiation from celestial sources, and observations at local observatories and/or planetariums.

FORENSIC SCIENCE

Grade 11, 12
Prerequisite Biology, Chemistry or Physical Science

Forensic Science is the application of scientific evidence for use in a court of law. In this introductory course, students rely on a thorough understanding of the principles and techniques of science to solve problems. As a consequence, students expand their science skills and knowledge base. The course work requires students to carry out experiments, solve problems using analytical and critical-thinking skills, and communicate their findings to others.

HUMAN ANATOMY/PHYSIOLOGY

Grade 12
Prerequisite Physical Science, Biology, and Chemistry

Human Anatomy and Physiology is a rigorous college preparatory, life science course that requires more time in self-study and requires a higher level of discipline. It is a continuation and extension of the life science investigations of previous grades and can serve as the third or fourth year of science that is required for graduation. this cours is designed to provide students the opportunity to develop academic practices, learn process skills, higher order thinking skills, and acquire content knowledge necessary to be literate and proficient in Human Biology. The content will be investigated through numberous laboratory and field experiences, various individual and group projects and activities, and traditional educational practices.

ZOOLOGY

Grade 11, 12
Prerequisite Biology, Physical Science, AHS students - Teacher Approval Required.

Zoology is the study of all things dealing with animals. As the science has advanced over the decades, modern zoologists study more than just recognition and classification of animals; their attention now includes animal anatomy, physiology, development, histology, ecology, behavior, and evolution. The 'story' of animals is told through evolutionary patterns across deep spans of time. Thus, the focus of this course is the recognition of key features of the major body plans that have evolved in animals and how those body plans have changed over time resulting in the diversity of animals that are evident today.

SOCIAL STUDIES

SCHOOL KEY SYSTEM

- Alexander High School
- Chapel Hill High School
- Douglas County High School
- Lithia Springs High School
- New Manchester High School
- College & Career Institute

Schools offering class	
Class name	**AP LANGUAGE COMPOSITION**
When class can be taken	**Grade** 9, 10, 11
Class requirements	**Prerequisite** Test Scores
Class description	Provides fundamental skills development in all areas of English/Language Arts.

CIVICS/CITIZENSHIP OR AMERICAN GOVERNMENT

Grade 10
Prerequisite None

Focuses on basic concepts and principles of the American political system. Covers the structure and function of the American system of government, the roles and responsibilities of citizen participation in the political process, and the relationship of the individual to the law and legal system. Stresses critical analysis of public issues. Integrates and reinforces social studies skills.

AP AMERICAN GOVERNMENT OR HONORS GOVERNMENT

Grade 9, 10, 11, 12
Prerequisite Teacher Approval, Honors Program, Parent Waiver

AP U.S. Government and Politics will provide students an intellectual foundation for observing, analyzing, and understanding national politics in the United States. Using primary and secondary source documents, as well as analysis of specific examples, students will examine and evaluate the institutions of American government, political parties and elections, mass media, political behavior, public policies, and the development of individual rights and liberties and their impact on citizens.

WORLD HISTORY

Grade 9
Prerequisite None

Emphasizes the political, cultural, economic, and social development and growth of civilizations. Covers the development of change beginning with ancient civilizations, the emergence of nations through trade/communications, intellectual development, scientific/technological development, emergence of nation states, nations in conflict and the emerging interdependence of nations in the twentieth century.

AP OR HONORS WORLD HISTORY

Grade 9
Prerequisite Teacher Approval, Honors Program, Parent Waiver

AP World History is a college level course that covers world history through reoccurring themes. Students will cover the interactions between humans and the environment, the development of interaction between cultures, state-building and expansion, the creation and interaction of economic systems, and the development and transformation of social structures. This class is designed to develop the critical thinking skills, the historical thinking skills, and the analytical skills needed for success in the 21st century.

SOCIAL STUDIES

UNITED STATES HISTORY (EOC REQUIRED)

Grade 11
Prerequisite None

Investigates the United States, its people, institutions, and heritage. Emphasizes political, cultural, and social issues, the role of the United States as a world leader, and the issues confronting the United States today. Students will also use critical thinking to link past and present events.

HONORS UNITED STATES HISTORY

Grade 11
Prerequisite Teacher Recommendation

This course traces the development of U.S. History from the colonial era through modern times. Emphasis is placed on the role of the United States as a world leader and issues relevant to the United States today. Students are equipped with the analytic skills and factual knowledge essential to critically examine the conflicts and developments in U.S. history. The course facilitates the development of historical background through analysis of historical documents and secondary source materials. Students learn to assess historical materials in terms of reliability and importance to evaluate scholarly data and interpretations presented within historical scholarship.

AP UNITED STATES HISTORY

Grade 11
Prerequisite Teacher Approval, Honors Program, Parent Waiver

Conforms to College Board topics for the AP United States History Examination. Covers discovery and settlement, colonial society, the American Revolution, Constitution and the New Republic, Age of Jefferson, Nationalism, Sectionalism, Territorial Expansion, Civil War, Reconstruction, Industrialization, Progressive Era, World War I, Depression, New Deal, World War II, The Cold War, through modern times. Students examine primary documents and acquire the ability to incorporate source material in a thesis driven, analytical, 5-paragraph essay.

ECONOMICS-BUSINESS FREE ENTERPRISE

Grade 12
Prerequisite None

Focuses on the American economic system; covers fundamental economic concepts, personal finance, microeconomics, macroeconomics, and international economic interdependence. Stresses the ability to analyze critically and to make decisions concerning public issues.

AP MACROECONOMICS

Grade 12
Prerequisite Teacher Approval, Honors Program, Parent Waiver

Focuses on the American economic system; covers fundamental economic concepts, comparative economic systems, micro-economics, macroeconomics, and international economic interdependence. Stresses the ability to analyze critically and to make decisions concerning public issues. The honors course has emphasis on writing assignments.

AP MICROECONOMICS

Grade 11, 12 (AHS, CHHS and NMHS 12th grade only)
Prerequisite Teacher Approval, Honors Program, Parent Waiver

This course is designed to provide students with a thorough understanding of the principles of economics as they apply to individual decision-making units, including individual households and firms. Students taking the course will spend time examining the theory of consumer behavior, the theory of the firm, and the behavior of profit-maximizing firms under various market structures. They will evaluate the efficiency of the outcomes with respect to price, output, consumer surplus, and producer surplus. Students will have an opportunity to examine the behaviors of households and businesses in factor markets, and learn how the determination of factor prices, wages, interest, and rent influence the distribution of income in a market economy. Students will also consider instances in which private markets may fail to allocate resources efficiently and examine various public policy alternatives aimed at improving the efficiency of private markets.

CURRENT ISSUES

Grade 10, 11, 12
Prerequisite None

Analyzes current issues and influences that are related to these issues and examines how decisions are made concerning those issues. Integrates and reinforces social studies skills.

SOCIAL STUDIES

PSYCHOLOGY

Grade 11, 12
Prerequisite None

This year-long, one credit elective course investigates the relationship of psychology, the scientific study of behavior and mental processes, to other sciences. The main topics of study are the basic principles of psychology, contributions of major psychologists, the scientific method, uniqueness, experimental ethics, developmental psychology, heredity and environmental aspects of psychology, learning theory, memory and thinking types, biological bases of behavior, personality, intelligence, social disorders, awareness, emotion, motivation, conflict resolution, and research methods used in the study of psychology.

AP PSYCHOLOGY

Grade 11, 12
Prerequisite Teacher Approval, Honors Program, Parent Waiver

This year-long, one credit elective course conforms to the College Board topics for the Advanced Placement Psychology examination. This course is designed to introduce students to the systematic and scientific study of the behavior and mental processes of human beings and other animals. Students will be exposed to the psychological facts, principles, and phenomena associated with each of the major subfields within psychology. Course topics include the following: Psychological History and Approaches; Research Methods; Biological Bases of Behavior; Sensation and Perception; States of Consciousness; Learning; Cognition; Motivation and Emotion; Developmental Psychology; Testing and Individual Differences; Abnormal Psychology; Treatment of Psychological Disorders; and Social Psychology. The expectations and class rigor are equivalent to a college freshman Psychology class.

SOCIOLOGY

Grade 11, 12
Prerequisite None

This course will introduce students to the sociological perspective in examining our lives and social experiences, as well as many issues facing society today. In this respect, students should think of this course as a "sampler" on the sociological menu. Furthermore, through this course, students should come to realize how many aspects of their lives are influenced by the social world in which they live and, as a result, a student should obtain a better understanding of her/himself as social individuals and her/his place in society.

AP HUMAN GEOGRAPHY

Grade 9-12
Prerequisite Teacher Approval, Honors Program, Parent Waiver

The purpose of the AP Human Geography course is to introduce students to the systematic study of patterns and processes that have shaped human understanding, use, and alteration of Earth's surface. Students employ spatial concepts and landscape analysis to examine human social organization and its environmental consequences. They also learn about the methods and tools geographers use in their science and practice.

AFRICAN AMERICAN STUDIES

Grade 9, 10, 11, 12

African-American Studies is an academic elective course provided by the Social Studies department, and will contain standards from the fields of History, Geography, Political Science, Economics, and Sociology. The course will require a great degree of higher order thinking. Throughout the course, students will be encouraged to analyze the developments and contributions of Africans brought to America. The course will have a chronological flow beginning with African Civilization pre-Columbus on up to the present day.

WORLD LANGUAGE

SCHOOL KEY SYSTEM

- Alexander High School
- Chapel Hill High School
- Douglas County High School
- Lithia Springs High School
- New Manchester High School
- College & Career Institute

Schools offering class	
Class name	**AP LANGUAGE COMPOSITION**
When class can be taken	**Grade** 9, 10, 11
Class requirements	**Prerequisite** Test Scores
Class description	Provides fundamental skills development in all areas of English/Language Arts.

Please Note: While the Georgia Department of Education no longer requires students to complete two years of a world language for high school graduation, the University System of Georgia does require the completion of two years of the same world language or two years of sign language in order to be considered for admission. Universities may or may not accept World Language credit that appears on a high school transcript but was earned in Middle School.

PREPARING OUR STUDENTS FOR TOMORROW'S WORKPLACE

Second language skills are needed by students for the new global economy for the following reasons:

- Students interested in attending a 4 year college/university must have at least 2 years in a consecutive language taken in high school.
- The workplace of tomorrow is a world of many cultures and languages. With new forms of global commerce we can't even imagine today.
- 200,000 Americans annually lose out to jobs with business because they cannot communicate in another language.
- Monolingual speakers can be at a disadvantage in employment and political life.
- Managers who know how to deal with a diverse workforce will have an edge.
- 4 of 5 new jobs in the US are created as a result of foreign trade.
- 1/3 of all corporations in the US are either owned or based abroad.
- Georgia ranks 15th in the US in export sales.
- Students earning 3 or more high school credits in the same language meet the requirements for a World Language Pathway taken in high school.

WORLD LANGUAGE - FRENCH

FRENCH I

Grade 9, 10, 11, 12
Prerequisite None

This course allows students to begin to develop communication skills on a variety of common topics, such as friends, family, school, and leisure activities. Classwork and homework introduce listening, speaking, reading, and writing functions in the target language, as well as the cultures of regions where French is spoken. The course is designed for students who did not take the two-year French sequence in middle school.

FRENCH II

Grade 9, 10, 11, 12
Prerequisite French I

This course builds on and expands the skills students acquired in French I class. Students communicate in more detail about a broader range of topics and can ask about, narrate and discuss past, present, and future events and plans. Students who have passed the two-year middle school French sequence or one unit of French I at the high school level should enroll in this class.

FRENCH III (AHS AND LSHS OFFERS HONORS)

Grade 9, 10, 11, 12
Prerequisite French II or Native Speakers

This course allows students to extend the skills and content taught at the French II level in order to participate in more complicated situations, to communicate in extended conversations, to respond to authentic print, audio, and visual media in the target language, to react to current events and cultural patterns in the francophone world, and to develop organized composition and reporting skills in French.

FRENCH IV (AHS AND LSHS OFFERS HONORS)

Grade 11, 12
Prerequisite French III

As a continuation of French III, this course develops students' proficiency in using oral and written language to inquire, narrate, and describe in a variety of tenses and situations. Students summarize and respond to authentic materials and media in the target language.

FRENCH V (AHS AND LSHS OFFERS HONORS)

Grade 12
Prerequisite French IV

This course is a continuation of French IV in which students continue to develop their proficiency in oral and written expression in French. Students read and discuss appropriate literary selections and use oral and written skills to respond to the visual art, music, and drama of the target cultures. Students use extended vocabulary to react to current events and issues present in the target cultures.

AP FRENCH

Grade 11, 12
Prerequisite French IV

Students who enroll in Honors/AP French Language should already have a good command of French grammar and vocabulary and have competence in listening, reading, speaking, and writing. The course will emphasize the students' ability to understand spoken French in various contexts and develop a vocabulary ample for reading a variety of writings, and their ability to express themselves with reasonable fluency and accuracy in both written and spoken French.

WORLD LANGUAGE - SPANISH

SPANISH I

Grade 9, 10, 11, 12
Prerequisite None

This course allows students to begin to develop communication skills on a variety of common topics, such as friends, family, school, and leisure activities. Classwork and homework introduce listening, speaking, reading, and writing functions in the target language, as well as the cultures of regions where Spanish is spoken. The course is designed for students who did not take the two-year Spanish sequence in middle school.

SPANISH II

Grade 9, 10, 11, 12
Prerequisite Spanish I

This course builds on and expands the skills students acquired in Spanish I class. Students learn to communicate in more detail about a broader range of topics and can ask about, narrate and discuss past, present, and future events and plans. Students who have passed the two-year middle school Spanish sequence or one unit of Spanish I at the high school level should enroll in this class.

SPANISH III (AHS AND LSHS OFFERS HONORS)

Grade 10, 11, 12
Prerequisite Spanish II or Native Speakers

This course allows students to extend the skills and content taught at the Spanish II level to participate in more complicated situations, to participate in extended conversations, to respond to authentic print, audio, and visual media in the target language, to react to current events and cultural patterns, and to develop organized composition and reporting skills in Spanish.

SPANISH IV (AHS, DCHS AND LSHS OFFERS HONORS)

Grade 11, 12
Prerequisite Spanish III

As a continuation of Spanish III, this course develops students' proficiency in using oral and written language to inquire, narrate, and describe in a variety of tenses and situations. Students summarize and respond to authentic materials and media in the target language. Students read and discuss appropriate literary selections and use oral and written skills to respond to the visual art, music, and drama of the target cultures.

SPANISH V (AHS AND LSHS OFFERS HONORS)

Grade 12
Prerequisite Spanish IV

This course is a continuation of Spanish IV in which students continue to develop their proficiency in oral and written expression in Spanish. Students read and discuss appropriate literary selections and use oral and written skills to respond to the visual art, music, and drama of the target cultures. They use extended vocabulary to react to current events and issues present in the target cultures.

AP SPANISH

Grade 11, 12
Prerequisite Spanish IV

Students who enroll in Honors/AP Spanish Language should already have a good command of Spanish grammar and vocabulary and have competence in listening, reading, speaking, and writing. The course will emphasize the students' ability to understand spoken Spanish in various contexts and develop a vocabulary ample for reading a variety of writings, and their ability to express themselves with reasonable fluency and accuracy in both written and spoken Spanish.

SPANISH FOR NATIVE SPEAKERS

Designed for heritage learners of Spanish, this course can accommodate students from a wide range of backgrounds, from those who are minimally functional (can comprehend Spanish but are not able to speak fluently, read or write) to those who are more proficient and/or literate in Spanish. The recommended entrance requirement for the Spanish for Native Speakers I is the Intermediate-Mid level of proficiency in listening comprehension on the ACTFL scale. It is not necessary that students speak or write at the Intermediate level prior to entering the course.

This course focuses on the development of communicative competence in reading, writing, speaking and listening and viewing, as well as on understanding Hispanic cultures and issues of identity of heritage speakers of Spanish in the United States. Students will also develop an awareness and understanding of Hispanic cultures, including language variation, customs, geography, history, and current events.

WORLD LANGUAGE - CHINESE

CHINESE I

Students will learn Pinyin, radicals, frequently used characters, word usage, sentence patterns, and grammar. Students will develop basic listening, speaking, reading, and writing abilities in Mandarin Chinese. The students will also acquire the knowledge of Chinese culture and history. This course is for beginning students or non-native speakers only.

CHINESE II

Prerequisite Chinese 1 with a grade of C or better

This is a continuation of Chinese 1 with a holistic approach to develop reading, writing, speaking, and listening skills of the Chinese language. This course seeks to provide students with the most commonly used Chinese characters and phrases, further understanding of Chinese grammar, and abilities to write short paragraphs. Students will advance the knowledge of Chinese culture and society. At the end of the year, students are expected to conduct basic daily communication in some real-life situations.

CHINESE III

Prerequisite Chinese 2 with a grade of C or better

This is a continuation of Chinese 2. This course is intended to further develop the four communications skills: listening, speaking, reading, and writing. The emphasis will be on students' conversational and writing skills in Chinese. Students will expand their conversational skills on most familiar topics. Rigorous practice of spoken and written Chinese will be conducted. The instruction will be conducted in Chinese.

GENERAL PHYSICAL EDUCATION I, II, III, IV
LSHS ALSO OFFERS V, VI

Grade 9, 10, 11, 12
Prerequisite None

This elective course is designed to provide students with the opportunity to improve skills in each sport encountered. The emphasis is placed on teaching and improving motor skills unique to each team sport rather than merely playing them. This course will offer the student an opportunity to learn the history, rules, and strategies of specific team sports as well as the opportunity to develop attitudes necessary to play the sport safely and display good sportsmanship. Focuses on any combination or variety of team sports, lifetime sports, track and field events, aquatics/water sports, outdoor education experiences, rhythmic/dance, recreational games, gymnastics, and self-defense. Provides basic methods to attain a healthy and active lifestyle. *Team Sports is an elective physical education course.*

BEGINNING WEIGHT TRAINING

Grade 9, 10, 11, 12
Prerequisite Students new to weight training

INTERMEDIATE WEIGHT TRAINING

Grade 10, 11, 12
Prerequisite Beginning Weight Training and non-athletes

WEIGHT TRAINING
LSHS OFFERS WEIGHT TRAINING 1-6

Grade 9, 10, 11, 12
Prerequisite None

This course is designed to allow students to participate in a program of activities, which promote the development of health-related fitness. Activities/workouts may include but not be limited to: weight training (free weights and machines), run/walk activities, flexibility exercises, speed training and relation techniques.

PHYSICAL EDUCATION

ADVANCED WEIGHT TRAINING

Grade 11, 12
Prerequisite Athletes ONLY

This elective course is designed to be a continuation of the course required for graduation, Personal Fitness. Several ideas are revisited but many new concepts are introduced. The course is designed to educate the novice and enhance the performance levels of the athlete by covering principles of movement science. Psychological issues are discussed as they relate to physical performance as well. Developing a pattern of involvement in lifetime activity is the desired goal of this course.

FEMALE WEIGHT TRAINING

Grade 9, 10, 11, 12
Prerequisite None

This elective course is designed to introduce students to a rhythmic program of activities to promote the development of health related fitness. The course will provide students with the opportunity to improve cardiovascular fitness, flexibility, muscular strength, muscular endurance and body composition. Fundamental skills will be emphasized in each area, culminating in the performance of simple routines by the students. Instruction in each area will be available as equipment and staff are provided. *Aerobic Dance is an elective physical education course.*

AEROBICS

Grade 9, 10, 11, 12
Prerequisite None

This elective course is a form of physical exercise that combines rhythmic aerobic exercise with stretching and strength training routines with the goal of improving all elements of fitness (flexibility, muscular strength, and cardio-vascular fitness). With the goal of preventing illness and promoting physical fitness, practitioners perform various routines comprising a number of different dance-like exercises.

LIFETIME SPORTS

Grade 9, 10, 11, 12
Prerequisite None

This elective course is designed to provide students with the opportunity to improve skills in each sport taught. The emphasis is placed on teaching and improving motor skills unique to each individual or dual sport rather than merely playing them. This course will offer the student an opportunity to learn dual sports as well as the opportunity to develop attitudes and judgment necessary to play the sport safely and display good sportsmanship. It is the goal of this course to instill the necessary skills and favorable attitudes to foster lifetime participation. *Lifetime Sports is an elective physical education course.*

INTRODUCTORY RECREATIONAL GAMES

Introduces recreational games suitable for lifetime leisure activities; may include table tennis, shuffleboard, Frisbee, deck tennis, new games, horseshoes, darts and croquet. Emphasizes the rules of each game and the skills necessary to play.

HEALTH/PERSONAL FITNESS

HEALTH-This course is designed to give students the opportunity to learn practical skills necessary to implement healthy life choices. The course includes learning activities designed to include students in classroom study, discussions, health labs, Internet activities via health web sites and constantly changing current events. Students are called on to evaluate their current health habits on personal, interpersonal and community levels. A passing grade in this course meets the high school graduation requirements in the area of health and safety. *This course is a Douglas County School System graduation requirement.*

PERSONAL FITNESS-The primary goal of this course is to help students help themselves. This course shows students that everyone can be healthy and physically fit. It encourages the development and maintenance of personal fitness throughout the life cycle. It is a "personal" course. Students are presented a wide variety of fitness topics. They learn to assess their own personal fitness levels and based on that knowledge, learn to design their own personal fitness programs. Consumer issues related to health and fitness are discussed along with principles of training, nutrition and stress management. This unit course meets the state requirement for Physical Education. *This course is a Douglas County School System graduation requirement.*

PHYSICAL EDUCATION

INTRODUCTORY, INTERMEDIATE AND ADVANCED TEAM SPORTS

INTRODUCTORY - Introduces fundamental skills, strategies, and rules associated with team sports such as basketball, volleyball, soccer, softball, baseball, field hockey, lacrosse, team handball, and flag football.

INTERMEDIATE - Enhances skills and strategies in team sports such as basketball, volleyball, soccer, softball, baseball, field hockey, lacrosse, team handball and flag football.

ADVANCED - Provides opportunities to officiate and to enhance skills in team sports strategies.

ADVANCED BODY SCULPTING

Provides additional opportunities to redefine body shape through specific exercises. Based on the American College of Sports Medicine guidelines for fitness and conditioning programs, this course covers weight training, conditioning exercises, and proper nutrition to improve muscle tone, muscle definition, posture, bodily proportions, and overall condition of the body and energy levels.

PHYSICAL CONDITIONING AND ADVANCED PHYSICAL CONDITIONING

PHYSICAL CONDITIONING - Provides opportunities to participate in a variety of activities to enhance flexibility, muscular strength and endurance, cardiovascular endurance and body composition. Includes fitness concepts for the development of healthy lifetime habits.

ADVANCED PHYSICAL CONDITIONING - Enhances cardiovascular endurance, flexibility, muscular strength and endurance and body composition. Emphasizes self-management and adherence strategies.

PHYSICAL CONDITIONING

Provides opportunities to participate in a variety of activities to enhance flexibility, muscular strength and endurance, cardiovascular endurance and body composition. Includes fitness concepts for the development of healthy lifetime habits.
